- (b) warrants that those third party service providers will meet the obligations of the Contractor (including data transmission obligations) under this Agreement which are relevant to the services provided by those service providers, and agrees that any and all costs and charges incurred by ZGL as a result of those third party service providers' failure to meet those obligations shall be met by the Contractor.
- (c) To the extent that the Contractor acquires products or services for use in association with the Kiwifruit from a third party provider approved by ZGL from time to time, the Contractor will ensure that appropriate agreements are in place with such third party provider with respect to the quality and compliance of such products or services with the provisions of this Agreement. - (b) any liability of the Contractor under **clause A5.2** in respect of payments made under **PART C**, against any payment due to the Contractor under **PART C** provided that if the amount due to the Contractor under **PART C** is less than the amount of the liability of the Contractor, against any payment due under **PART B** to the Contractor or a third party or third parties nominated by the Contractor to receive payment pursuant to **clause B4.3** or **clause B4.5** provided that where the Contractor notifies ZGL within seven days of receiving written notice from ZGL, of its intention to set off or deduct, that the set off or deduction should only be made against payments due to one or more of those third parties. ZGL will only set off or deduct against payments due to that third party or third parties; or

- (d) any liability for costs incurred by ZGL under **clause A17.2(b)** or **(c)** provided that ZGL may set off or deduct payments only against the party to whom applicable payments are to be made or have been directed to be made under any provision of this Agreement.

A5.4 If the Contractor lodges a dispute under **clause A9.1** regarding the amount of a proposed set-off or deduction, ZGL may not set off or deduct the disputed amount until one month after the dispute is lodged. Notwithstanding the foregoing, where the dispute relates to **clause A5.3(d)** or to **clause C4.3** or **clause C9.1** of the **Pricing and Payment Manual**, ZGL may set-off or deduct the disputed amount immediately. Where the dispute is governed by **PART D of Schedule 11**, ZGL may set off or deduct any liability for 5% Supplier Accountability Charges or 15% Supplier Accountability Standard Costs to which the dispute relates as soon as those Charges or Standard Costs became otherwise payable under **clause B10.4** or **C13.2 of Schedule 11**.

GST at the rate prescribed by the **Goods and Services Tax Act 1985** will be added to payments for supplies made pursuant to this Agreement, and paid at the same time as the payment to which the GST relates is made.

A5.7 Where:

Such assistance may include, without limitation, the provision to the Contractor of relevant information in ZGL's possession or control which is not subject to legal restriction on disclosure, and making reasonably available ZGL personnel for the purpose of evidentiary assistance.

- A8.2 Termination under this Agreement does not affect a party's accrued rights and obligations at the date of termination. A9.3 Preliminary Disclosure Without Prejudice: The disclosure of any documents or data provided under **clauses A9.1(b)** and **A9.2(b)** and **(c)** is for the purpose of attempting to settle the dispute and is provided on confidential and a "without prejudice" basis. The party who discloses any such document has the right to unilaterally waive that privilege in the event that the matter does not settle and proceedings are issued under **clause A9.5** below.

- A9.4 **Dispute Resolution Meeting:** Within 5 working days of receipt of the Notice of Response the parties shall agree to a time, no more than 20 working days from the date of receipt of the Notice of Dispute, to meet in good faith on a without prejudice basis and attempt to resolve the dispute.
- A9.5 **Issue Proceedings:** In the event of a resolution not being achieved or no meeting occurring within the specified time frames, the dispute may be pursued in the Courts as of right, or via arbitration or mediation if the parties agree.
- A9.6 **Exceptions:** The following exceptions to this **clause A9** apply:
- (a) Where the dispute relates to Supplier Accountability as set out in **Schedule 11**, the process above shall not apply and the parties shall resolve the dispute in accordance with **Section D** of **Schedule 11**.
 - (b) Where the dispute is of a type that is referred to in the Insurance and Risk provisions of **Schedule 10**, the process set out above shall not apply and the parties shall resolve the dispute in accordance with those procedures.
 - (c) Where the dispute relates to the Zespri Segment Allocation Manual referred to in the EFA or calculation of the Fruit Return Margin Percentage pursuant to the EFA, the process set out above shall not apply and the parties shall resolve the dispute in accordance with the dispute resolution process in the EFA.
- A9.7 Nothing in this **clause A9** shall prevent a party from seeking urgent injunctive relief or from issuing proceedings where a right of claim may be lost due to the provisions of the **Limitation Act 2010**.
- A9.8 **Continuing Obligations:** Pending resolution of any dispute, the parties will continue to perform their obligations under this Agreement without prejudice to their respective rights and remedies.

 - (e) The cost of the mediator shall be shared jointly.

A9.10 If arbitration is elected:

- (a) Where the parties elect to resolve the dispute by arbitration, this will be conducted in accordance with the Arbitration Act 1996 by a single arbitrator to be jointly agreed upon and appointed by the parties;
- (b) The parties shall enter into an arbitration agreement prior to the hearing and agree to be bound by the final decision of the arbitrator, subject to the provisions of the Arbitration Act 1996; and
- (c) If the parties are unable to agree on the appointment of an arbitrator within 20 days of receipt of written notification of the desire of a party to have a dispute arbitrated, the dispute shall be submitted to the arbitration of a single arbitrator to be appointed by the President for the time being of the New Zealand Law Society. Any arbitration in terms of this clause shall be carried out in accordance with the Arbitration Act 1996.

A10 CONFIDENTIALITY

A10.1 Subject to **clause A10.2**, each party will keep confidential the terms of this Agreement, any **SLA's** or documents produced under it and any information supplied by or on behalf of the other party which that party has identified as being of a confidential nature. Nothing in this clause will prevent disclosure of information generally available to the public (other than as a result of unauthorised disclosure by one of the parties) or disclosure of information required by law, including pursuant to the Regulations. In particular:

- (a) the consolidated market and product development plans of ZGL are confidential and may be disclosed to the Growers or third party service providers only as necessary for the Contractor to meet its commitments to supply Kiwifruit under this Agreement and;
- (b) any sales, forecast, or Pool reports are confidential and:
 - (i) may only be disclosed to the principal manager and directors of the Contractor and, if required by ZGL, the Contractor must cause those persons to sign an acknowledgement that they agree to comply with the obligations of confidentiality in this clause;
 - (ii) may not be reproduced or published in any way;
 - (iii) may only be used to analyse, interpret and develop conclusions to support advice to Growers with respect to potential financial returns for the Season and;
 - (iv) must be returned or destroyed on request by ZGL.

A10.2 Despite **clause A10.1**, where the Contractor provides Services in respect of Kiwifruit from Option B Growers, ZGL may provide such Option B Grower with information relating to the Contractor's performance of the Services in respect of the Kiwifruit provided by that Option B Grower.

A10.3 The provisions of **clause A10.1** will apply in addition to the provisions of any other confidentiality agreement entered into between the Contractor and ZGL.

A10.4 Where any aspect of this Agreement requires a party to handle personal information, such party will not transfer personal information to the other party unless appropriate consents are in place.

A11 ASSIGNMENT OF CONTRACT

A11.1 Except as provided in this clause, the Contractor shall not assign or transfer its rights and obligations under this Agreement unless ZGL consents in writing to such assignment (which consent must not be unreasonably withheld). No purported assignment or transfer shall be effective unless this requirement is complied with.

A11.2 Any transfer of shares in the Contractor resulting in a change in effective management or control will be deemed to be an assignment for the purposes of **clause A11.1**.

A11.3 For the avoidance of doubt, a direction given by the Contractor under **clause B4.3** or **clause B4.5** is agreed not to be an assignment or transfer of the Contractor's rights and obligations.

A12 NOTICES

A12.1 Each notice or other communication under this Agreement shall be in writing and may be delivered personally or sent by certified or registered mail with postage prepaid, by facsimile or by email to the address, and made to the attention of the person, specified for that purpose in the **Pricing and Payment Manual**.

A12.2 All such notices or communications shall be deemed to have been duly given or made:

- (a) if sent by certified or registered mail, three days after being deposited in the mail by the sender with postage prepaid;
- (b) if delivered by hand, on delivery;
- (c) if faxed, on the next day following transmission of the facsimile; or
- (d) if emailed, on the next day following the email message being sent, as long as it has not been returned undelivered and/or the person sending the email does not have actual knowledge that it has not been received.

A13 AUTHORISATION AND RESTRICTIONS

A13.1 No failure or omission by either party to carry out or observe any of the terms of this Agreement shall give rise to any claim against it or be deemed to be a breach of this Agreement by it if that failure or omission arises from any cause reasonably beyond their control including without limitation:

- (a) any amendment to the Act or the Regulations; or
- (b) the revocation or alteration of ZGL's export authorisation; or
- (c) any direction to ZGL from Kiwifruit New Zealand under the Regulations; or
- (d) the provisions of any collaborative marketing approval; or

- (e) any export or import restrictions imposed by any country (including New Zealand); or
 - (f) any act of God, war, riot, terrorist act, civil commotion, fire, flood or storm;
- but excluding, without limitation: or
- (g) strikes, lockouts or other industrial disputes where: or
 - (i) the party is the employer of the workforce engaged in the strike, lockout or dispute; or
 - (ii) any Grower or other party who provides Kiwifruit, packhouse or cool storage services to the Contractor in connection with the Kiwifruit to which the failure or omission relates, is the employer of the workforce engaged in the strike, lockout or dispute and such strike, lockout or dispute causes a failure or omission by the Contractor under this Agreement;

unless the strike, or lockout or other industrial dispute applies to employers, across an industry or occupational group of employees;

provided that, where **clauses A13.1(e)** and **(f)** apply, the Contractor must:

- (h) comply with the provisions of the **Schedule 10** that deal with insurance claims (to the extent that they apply); and
- (i) take all reasonable steps to ensure that all Kiwifruit in respect of which a Standard Advance Payment has been made under **clause C2** of the **Pricing and Payment Manual** is supplied to ZGL in accordance with the provisions of this Agreement.

A13.2 The Contractor acknowledges that the provisions of Regulation 3 of the Regulations prevent the export of Kiwifruit to Australia otherwise than for consumption in Australia. The Contractor will take all reasonably necessary steps, including obtaining the written agreement from any purchaser of any Kiwifruit from the Contractor, to ensure that any Kiwifruit provided by the Contractor for consumption in Australia is not exported from Australia.

A13.3 The Contractor acknowledges that, with IAC agreement, ZGL is entitled to charge the costs of any reasonable action taken by ZGL to comply with any changes or directions received by it as referred to in **clause A13.1** as direct costs in the calculation of Pool returns under **clause A2** of the **Pricing and Payment Manual**.

A14 VARIATIONS TO AGREEMENT

A14.1 Subject to **clause A14.2**, any variation to this Agreement, including the **Supply Specifications** and any **Schedules**, requires agreement of both parties, unless the following process is followed and the variation is approved by the required majority:

- (a) ZGL will provide notice of and the proposed wording for any variation, together with a proposal for dealing with any financial impact on ZGL or the Contractor to:
 - (i) the IAC for variations to this Agreement, the **Pricing and Payment Manual** or any of **Schedules 10, 12 and 13**;

- (ii) the ISG for variations to the **ZIL Quality Manual**, the **EDI Manual**, **Schedule 2** or **Schedule 11**;
 - (iii) the Contractor for variations to an **SLA** entered into with that Contractor under **Schedule 6**;
- (b) Following notice pursuant to **clause A14.1(a)(i)** or **(ii)**, the IAC or ISG (as applicable) shall discuss and vote on the proposed variation on the basis that:
 - (i) the contractors entitled to vote are Registered Suppliers responsible for supply of Kiwifruit under **PART B** of a **2019 Supply Agreement**;
 - (ii) the number of votes for each contractor will be the number of trays of Kiwifruit relating to each Grower Number listed in **Schedule 3** or **5**, as the case may be, of the Contractor's **2019 Supply Agreement**, calculated as follows:
 - a. for votes taken up to 30th June 2019, the number of tray equivalents supplied to ZGL at FOBS in the 2017 season from each Grower Number, provided that if there are two or more Grower Numbers listed in **Schedule 3** or **5** of two or more **2019 Supply Agreements** which relate to a single KPIN, the number of trays for each Grower Number will be the total number of trays supplied from that KPIN divided by the number of such Grower Numbers; and
 - b. for votes taken from 1st July 2019, the number equal to the Net Submit (as defined in **Schedule 2**) for the 2019 season from each Grower Number;
 - (iii) the proposed change must either:
 - a. be approved by not less than 70% of the votes cast at the applicable meeting; or
 - b. where one contractor casts 30.1% or more of the votes at the applicable meeting against the proposed change, and all other contractors vote for the proposed change, then the proposed change will be approved notwithstanding that less than 70% of the votes cast were in favour of the change; and
 - (iv) ZGL will use best endeavours to ensure each contractor entitled to vote has reasonable notice of the proposed change and a reasonable opportunity to grant a proxy to any person who is a member of IAC or ISG, if the contractor is not itself a member of, or represented on, IAC or ISG
- (c) If the proposed variation and proposal for dealing with any financial impact on ZGL or the Contractor is passed by the required majority at a properly convened meeting:
 - (i) the variation will be binding on the Contractor and ZGL; and
 - (ii) if required by ZGL or the Contractor (acting reasonably) an amendment to this Agreement is required, ZGL and the Contractor will negotiate in good faith such amendment.

- A14.2 Where any provision in this Agreement (including the **Supply Specifications** and any **Schedules**) expressly authorises ZGL to vary a provision without agreement, **clause A14.1** shall not apply and ZGL shall be entitled to vary such provision without reference to the Contractor, IAC or ISG.
- A14.3 Where a variation is not approved or agreed by the relevant parties pursuant to **clause A14.1**, the provisions of this Agreement or the document sought to be amended shall remain in full force and effect.
- A14.4 For the avoidance of doubt, the Contractor acknowledges that this Agreement cannot be varied without the agreement of ZGL.

A15 SEVERABILITY

- A15.1 If a provision of this Agreement is determined to be illegal or unenforceable then, except where the basic nature of this Agreement is altered, or, as altered, is contrary to public policy, the remainder of this Agreement continues to have full force and effect.

A16 PVR KIWIFRUIT

- A16.1 In this clause, unless the context otherwise requires: "Licence Agreement" means an agreement between a contracted party and ZGL under which the contracted party is granted the right to grow (as applicable) GA or HE plant material and to sell the PVR Kiwifruit resulting from it to ZGL.
- A16.2 Where any PVR Kiwifruit comes within the control or possession of the Contractor (including where the Contractor is a contracted party under a Licence Agreement):
- (a) Except as provided in **Schedule 9**, the Contractor will not sell, transfer, export or otherwise provide any of that PVR Kiwifruit to any person other than ZGL or a person nominated in writing by ZGL;
 - (b) the Contractor will not dispose of or destroy any of that PVR Kiwifruit in any manner other than as agreed by ZGL;
 - (c) the Contractor will account annually to ZGL on its compliance with this clause, providing such information as requested by ZGL.
- A16.3 The Contractor will ensure that any contracted party under a Licence Agreement, Kiwifruit Titleholders and third party service providers involved in the handling of Kiwifruit subject to this Agreement (including any PVR Kiwifruit) agree to meet the obligations of the Contractor under **clause A16.2** in relation to PVR Kiwifruit.
- A16.4 For the avoidance of doubt, this **clause A16** applies to all PVR Kiwifruit that comes within the control or possession of the Contractor or any person referred to in **clause A16.3**.

A17 NON-APPROVED AGRICHEMICAL USE

- A17.1 For the avoidance of doubt, and notwithstanding any other provision of this Agreement "Non-Compliant Fruit" means any Kiwifruit or vine on which Kiwifruit has been produced on a KPIN that has had applied to it:

- (a) An agrichemical or compound that is not permitted for use on Kiwifruit under the ZGL Crop Protection Programmes or by law; or
- (b) A permitted agrichemical or compound applied otherwise than in accordance with the conditions listed in the Zespri Crop Protection Programme or under any regulatory approval provided by law.

A17.2 Where fruit is found to be Non-Compliant then the following provisions shall apply to all Kiwifruit produced on that KPIN:

- (a) ZGL is under no obligation to accept into inventory or purchase, and if already submitted may subsequently reject from inventory, all Non-Compliant Fruit;
- (b) Where Non-Compliant Fruit is in a Contractor's possession or control, the Contractor shall, at its own cost, comply with all directions from ZGL and from the Ministry of Primary Industry regarding the identification, segregation, destruction, or other means of managing such Non-Compliant Fruit; or
- (c) Where Non-Compliant Fruit is in ZGL's possession or control, and at any time after ZGL has taken ownership of Non-Compliant Fruit, ZGL may trace, recall and/or have such Non-Compliant Fruit destroyed.

A17.3 Where fruit is found to be Non-Compliant such that it is recalled or unable to be exported, the Grower is responsible for the costs associated with such Non-Compliant Fruit. In the first instance, ZGL shall meet with the Contractor and the relevant Grower with a view to working out, in good faith, a payment plan for the recovery of such costs. If this is not possible:

- (a) any payment made by way of standard advance, fruit incentive or progress payment to that KPIN will be deducted in accordance with **clauses C2.4(e), C3.3 and C4.3(e)** of the **Pricing and Payment Manual** ("Fruit Reversal"); and
- (b) Direct Costs attributable to the Non-Compliant Fruit will be charged to the Contractor. For the avoidance of doubt, ZGL does not have the right to offset Direct Costs from earnings.
- (c) For the purposes of this clause:
 - (i) "Direct Costs" include freight, duty, disposal and Recall Costs.
 - (ii) "Recall Costs"
 - i) include offshore coolstorage, transport in market, return transport in-market, dumping costs and labour costs; and
 - ii) exclude costs of residue testing or retesting for a failed sample, costs charged back from customers (to remove product from stores / administration), penalty fees for shortage of stock, loss of sales value (other than Fruit Reversal) or brand/reputation damage.

- (e) ZGL will also charge to the Contractor the Direct Costs of recalling Kiwifruit which has been batched with Non-Compliant Fruit and potentially compromised as a result, provided that the maximum volume, per incident, will be 20 pallets.

A17.4 Contractors must have legal arrangements with their supplying Growers to support recourse to the original grower.

A17.5 ZGL may, at its sole discretion, agree to purchase Kiwifruit produced on a KPIN which would otherwise be Non-Compliant Fruit, where it can be demonstrated to ZGL's satisfaction that:

- (a) such Kiwifruit contains no residue of an agrichemical that is not permitted under the Zespri Crop Protection Programme;
- (b) such Kiwifruit has not been exposed to an agrichemical that is not permitted under the Zespri Crop Protection Programme or by law; and
- (c) neither the Kiwifruit nor the vine on which such Kiwifruit has been grown have had a permitted agrichemical applied otherwise than in accordance with the conditions listed in the Zespri Crop Protection Programme or under any regulatory approval provided by law.

A17.6 Any Kiwifruit purchased under this **clause A17.6** will be purchased as Non-Standard Supply under an **SLA** pursuant to **Schedule 6**. The **SLA** will stipulate that the Grower will bear the costs of:

- (a) Any additional residue tests required;
- (b) Any pack transfers or additional conditions of export;
- (c) At Zespri's discretion, a penalty of \$0.20/TE; and
- (d) Any other additional costs that may be incurred.

For the avoidance of doubt, it shall be reasonable for ZGL to refuse to purchase any Kiwifruit from a KPIN on which Non-Compliant Fruit has been identified where the circumstances under which such Kiwifruit became Non-Compliant Fruit were not voluntarily disclosed to ZGL prior to ZGL collecting residue testing samples from the KPIN.

A17.7 Where a Grower has multiple KPIN's and varieties registered under the same Contractor, ZGL may make Fruit Reversals against those multiple KPIN's and varieties only. For the avoidance of doubt no Fruit Reversal may be made against Kiwifruit supplied from a KPIN which is held by the same Grower but supplied to ZGL by a different contractor.

unresolved after the report of the review committee is provided to ZGL and the Contractor, either party may refer the dispute for resolution pursuant to **clause A9**. For the avoidance of doubt, no dispute concerning **clause A17** may be referred for resolution pursuant to **clause A9** of this Section until the parties have complied with this **clause 17.17** unless the report under **clause A17.16** is not provided within 21 days (or such later time period as agreed) in which case either party is free to seek resolution of the dispute pursuant to **clause A9** any time after the deadline for provision of the report has expired.

A17.18 The report of the review committee shall be confidential to ZGL and the Contractor unless disclosure of all or part of the report is agreed to by both ZGL and the Contractor.

A17.19 In the event of a product recall relating to Kiwifruit supplied by an Option B Grower:

- (a) the service costs (pack differential, time, kiwistart contracted weeks) will be reversed from the Contractor;
- (b) the fruit and incentive payments will be reversed from the Option B Grower or Supply Entity if there is an assignment in place; and
- (c) the recall costs are to the account of the Option B Grower.

A18 USE OF INFORMATION

A18.1 Each Contractor agrees that in the context of performing its obligations under this Agreement, ZGL will obtain information regarding the Contractor and its Growers. Each Contractor agrees that information held by ZGL relating to Kiwifruit and/or Services provided by the Contractor may be shared with

- (c) Third party entities which have been subcontracted by the Contractor for the purposes of providing Services under **Part C** of this Agreement.

A18.2 In addition to the express permission noted above, each Contractor acknowledges that information and communications to/from ZGL as part of the Contractor's commercial relationship with ZGL may be transferred to third parties or retained by third party services providers (including service providers outside New Zealand) for information assurance, storage and record-keeping purposes, on generally accepted commercial terms. Any third party will be required to comply with confidentiality obligations in respect of information and communications supplied which are the same as or greater than those set out in this Agreement.

A19 HEALTH AND SAFETY

- A19.1 Each party warrants that it is familiar with and shall comply with all relevant health and safety (H&S) legislation, codes of practice and standards while the Services are being carried out in its workplace or the other party's workplace.
- A19.2 Each party shall obtain a warranty from any contractor involved in the provision of the Services that the contractor shall comply with all relevant health and safety (H&S) legislation, codes of practice and standards when the contractor is providing services to that party in that party's workplace.
- A19.3 Each party will co-operate with the other to enable each party to comply with its obligations under all H&S legislation, codes of practice and standards applicable to the Services
- A19.4 Neither party shall have any liability for failure to comply with a provision of this agreement where the failure arises directly from that party taking steps to protect its employees, contractors or subcontractors from imminent risk of serious injury, provided that the causes of such risk is outside the control of the party.
- A19.5 Where the Contractor provides any orchard health and safety-related information to Eurofins Bay of Plenty Limited. the Contractor gives no warranty about the accuracy or completeness of that information. The Contractor shall remind the Grower, in writing, of the Grower's commitments in relation to providing health and safety related information as per Schedule 5 of the Supply Agreement.

A20 LABOUR COMPLIANCE

- A20.1 The Parties shall promptly notify each other in the event that either of them becomes aware that either of them or a contractor of theirs that is directly involved in the supply of Services becomes subject to formal legal process or proceedings in relation to a breach of labour standards occurring in that party's workplace.

B1 APPLICATION OF PART B

B1.1 **PART B** applies to the supply of Kiwifruit to ZGL:

- (a) by the Contractor on behalf of Option A Growers;
- (b) by Option B Growers; or
- (c) as provided in **clause B1.4**.

B1.2 ZGL's obligations under **PART A** and **PART B** in respect of Kiwifruit supplied by an Option B Grower are conditional on a Registered Supplier agreeing to provide Services under **PART C** to ZGL in respect of that Kiwifruit.

B1.3 The Registered Supplier may amend **Schedule 3** by adding or removing Grower Numbers by notice to ZGL.

B1.4 ZGL may, under an **SLA** with the Contractor developed and disclosed in accordance with **clause B1.5**, agree to acquire varieties of Kiwifruit other than Hayward Kiwifruit and PVR Kiwifruit or categories of Hayward and PVR Kiwifruit other than Class 1 from the Contractor. This **PART B** and the other terms of this Agreement shall apply to the acquisition of such Kiwifruit, subject to the terms specified in the **SLA** and a Registered Supplier agreeing to provide Services in respect of that Kiwifruit.

B1.5 Any **SLA** for the supply of Kiwifruit by the Contractor or any other contractor must be developed and disclosed in accordance with **Schedule 6** and **clause C1.6(b)** of **Schedule 12**.

B2 ZGL OBLIGATIONS

B2.1 In addition to the obligations in **PART A**, ZGL will comply with this **PART B** in respect of the supply of Kiwifruit by the Contractor.

B2.2 During the Season ZGL will acquire all Class 1 Kiwifruit from the Contractor in accordance with:

- (a) the provisions of this Agreement; and

For the avoidance of doubt, the Contractor acknowledges that ZGL has the absolute discretion to determine the destination of any Kiwifruit acquired by it under this Agreement, subject to **Schedule 1** and an **SLA** in **Schedule 6**.

B2.3 Where any Kiwifruit is supplied by the Contractor to ZGL prior to the commencement of the Season but after 31st January 2019, that Kiwifruit will, for the purposes of this Agreement, be deemed to have been supplied to ZGL during the Season and the provisions of this Agreement will apply to such Kiwifruit.

B2.4 In procuring supply of Kiwifruit ZGL may:

- (a) elect to provide an opportunity to all Contractors to express an interest in providing new products to ZGL, but ZGL reserves the right to allocate any contracts on commercial grounds (including, without limitation, ZGL's judgement of the Contractor's capability in respect of such services or products); and
- (b) elect not to provide an opportunity to all persons who supply Kiwifruit to ZGL where the Contractor has, through innovation in product, created an opportunity for mutual advantage to both the Contractor and ZGL, and where, in ZGL's opinion, the innovation is of importance to the overall kiwifruit industry's profitability, then ZGL and the Contractor will cooperate to establish a commercial basis for the extension of such innovation across the industry.

B3 CONTRACTOR OBLIGATIONS

- B3.1 In addition to the obligations in **PART A**, the Contractor will comply with this **PART B** in respect of the Supply of Kiwifruit to ZGL, on behalf of Option A Growers.
- B3.2 Where the Contractor is providing services to an Option B Grower in accordance with **PART C** all references to the Contractor in this **PART B** shall be read as references to the Option B Grower.
- B3.3 The Contractor must supply all Class 1 Kiwifruit to ZGL in accordance with the provisions of this Agreement excluding those provisions relating to the provision of Services under **PART C**.

B4 PAYMENT

- B4.1 ZGL will make payments for the supply of Kiwifruit by the Contractor as specified in **clauses B1.1(a) and (b)**, and **C2 to C5** of the **Pricing and Payment Manual** and any other payments due under this Agreement which are not payable under **clause C4.1**. Such payments will be made in accordance with **clauses C6.1, C6.2, C7**, and (where applicable) **C8** of the **Pricing and Payment Manual**.
- B4.2 The Contractor will make payments to ZGL for 5% Supplier Accountability Charges in accordance with **clause B10** and 15% Supplier Accountability Standard Costs in **clause C12** of **Schedule 11**, except where the Grower has directed ZGL to make the payments in **clause C3.2(c)** of the **Pricing and Payment Manual** to a Registered Supplier in accordance with **clause B4.5**, and any other payments due from the Contractor under **Schedule 11**.
- B4.3 The Contractor may irrevocably direct ZGL to make all of the payments referred to in **clause B4.1** which are to be made on account of the Option A Growers to a third party or third parties nominated by the Contractor in accordance with the Pricing and Payment Manual. The direction must:
 - (a) be in respect of all payments to the Contractor under **clause B4.1** in respect of Option A Growers throughout the season;

(c) be signed by the Contractor.

B4.4 ZGL will amend **Schedule 7** in accordance with any request from the Contractor, following any amendment to **Schedule 3**.

B4.5 An Option B Grower may irrevocably direct ZGL to make any of the payments referred to in **clause B4.1** which are to be made on account of that Option B Grower to a third party or third parties nominated by the Option B Grower in accordance with the **Pricing and Payment Manual** (except that the payment specified in **clause C3.2(c)** of the **Pricing and Payment Manual** may be directed to be made only to the Registered Supplier who agrees to provide the Services under **PART C** to ZGL in respect of that Kiwifruit in accordance with **clause B1.2**). The direction may only apply to such categories of payments as may be determined by ZGL and must be listed in **Schedule 5** and signed by the Kiwifruit Titleholder.

B4.6 Where the Contractor has directed ZGL to make the payments specified in **clause C3.2(c)** of the **Pricing and Payment Manual** to a Registered Supplier, all rights to those payments will pass absolutely to the Registered Supplier. In all other situations, any payment made under **clause B4.3** or **clause B4.5** will be deemed, for the purposes of **clause B4.1**, to have been made to the Contractor and ZGL will not owe any obligations to the approved third party in respect of that payment.

B5 TITLE

B5.1 Subject to **clause B5.4**, the Contractor agrees that it shall cause legal and beneficial title to the Kiwifruit and Packaging to pass to ZGL at FOBS free of all Security Interests.

B5.2 The Contractor will in all cases pass title to the Kiwifruit and Packaging to ZGL either:

- (a) as principal (where the Contractor has, or has acquired, title to the Kiwifruit or the Packaging prior to FOBS); or
- (b) (in all other cases), on behalf of a Kiwifruit Titleholder from whom the Contractor has authorisation to pass title as agent.

B5.3 If the Contractor is passing title to Kiwifruit or Packaging on behalf of a Kiwifruit Titleholder, the Contractor:

- (a) will remain personally liable to ZGL to perform all of the Contractor's obligations under this Agreement; and
- (b) must enter into any agreements necessary to enable it to pass title to the Kiwifruit and Packaging to ZGL on behalf of those Kiwifruit Titleholders. These agreements must not be inconsistent with the terms of this Agreement and must include, without limitation:
 - (i) an acknowledgement that the Kiwifruit Titleholder is aware of the provisions of this Agreement and that if there is an inconsistency, the terms of this Agreement will prevail;
 - (ii) an authorisation for the Contractor to pass title to Kiwifruit and Packaging on behalf of the Kiwifruit Titleholder;

- (iii) an unconditional obligation, expressed as not subject to any set-off, counterclaim or withholding, to refund any payment made to the Kiwifruit Titleholder in respect of Kiwifruit and Packaging if that Kiwifruit and Packaging is not actually supplied to ZGL;
- (iv) appropriate dispute resolution provisions and an agreement that, if a dispute arises between the parties, both parties will continue to perform their obligations in accordance with the agreement, notwithstanding the dispute; and
- (v) a provision that, if the agreement is terminated for any reason whatsoever by a Kiwifruit Titleholder, the Kiwifruit Titleholder must take all necessary steps to ensure that all Kiwifruit and Packaging in respect of which a Standard Advance Payment under **clause C2** of the **Pricing and Payment Manual** has been made (whether or not the Kiwifruit Titleholder has received any amount of that payment) is supplied to ZGL in accordance with the provisions of this Agreement.
- (vi) an authorisation for the Contractor to access and share with ZGL any information of the Kiwifruit Titleholder that needs to be disclosed to ZGL to comply with the terms of this Agreement.

- (a) In the case of Cost and Freight and FOBS sales, until the Kiwifruit crosses the overseas ship's rail, or is loaded into an aircraft for the overseas transit; or
- (b) In respect of all other sales, to ZGL overseas buffer stores or the purchaser or its Agent's premises depending on at which point the purchaser takes ownership.

B3.4 The deductible in the Marine Cargo Policy for all losses arising from earthquake, volcanic eruption, tsunami, hydrothermal activity and/or resulting fire (the Earthquake Site Deductible) is 2.5% of the value of the fruit at the site, with a minimum of two hundred and fifty thousand dollars (\$250,000) including GST, per site, per event, until the total Earthquake Site Deductible's exceed the cumulative total of three million dollars (\$3,000,000) (plus GST) per event. The apportionment of deductibles will be as follows:

- (a) The Pool will pay Earthquake Site Deductibles to a total value of three million dollars (\$3,000,000) in any one season (the Pool Earthquake Contribution); and
- (b) If the total value of Earthquake Site Deductibles within any one season exceeds the three million dollar (\$3,000,000) Pool Earthquake Contribution, then all Contractor claims within that season will be subject to Earthquake Site Deductibles. In this situation, the Earthquake Site Deductible will be borne by each Contractor and the Pool Earthquake Contribution will be prorated to Contractors in accordance with the value of the Earthquake Site Deductibles.

B3.5 Earthquake Site Deductibles described in **clause B3.4** are separate to other deductibles in the Marine Cargo Policy and in this section.

B3.6 For the avoidance of doubt the deductibles in **clause B3.4** are the only deductibles applicable in an earthquake or volcanic activity event.

B3.7 For the purpose of **clause B3.4** and **clause B7.1(d)** an event is defined as any loss or series of losses arising out of and attributable to any single cause during any one period of 72 consecutive hours. Occurrences within this period of time shall be deemed to be a single event.

B3.8 For the purposes of **clause B3.4** and **clause B7.1(d)** a site is defined as each warehouse or place of storage or complex of buildings constituting one set of premises, including craft and rail or road conveyances that form an integral part of such premises or any one conveyance.

B3.9 For insured perils other than those described in **clause B3.4** the deductible in the Marine Cargo Policy will be seven hundred and fifty thousand dollars (\$750,000) (plus GST) plus the Contractor's deductible as stated in **clause B7.1** per claim, per event, until the total deductibles for all claims (excluding the Contractor's deductible as stated in **clause B7.1**) within a season exceed the cumulative total of three million dollars (\$3,000,000) (plus GST). Thereafter, the deductible will be the Contractor's deductible as stated in **clause B7.1**.

B3.10 All loss or damage arising out of any one event is one loss for the purpose of the deductibles. Subject to **clause B3.4** and **clause B3.5** (Earthquake Site Deductible) and subject to **clause B3.7** where:

- (a) Multiple Contractors suffer loss or damage arising out of the same event;
- (b) A single Registered Supplier provides Services to all of those Contractors under **Part C** of the **Supply Agreement**; and

- (c) Such Contractors have different deductibles in respect of the claim;

Then each Contractor's deductible will be prorated in proportion to such Contractor's share of the total accepted claim value (exclusive of deductibles).

B3.11 Notwithstanding **clause B3.7**, where:

- (a) Multiple Contractors suffer loss or damage arising out of the same event; and
- (b) Not all of the Contractors have appointed the same Registered Supplier under **Part C** of the **Supply Agreement**;

Then each Contractor's deductible shall be paid by each Contractor separately, unless the loss or damage occurs at a single facility, in which case each Contractor's deductible will be prorated in proportion to such Contractor's share of the total accepted claim value (exclusive of deductibles). For the purposes of applying the tiered deductible for subsequent claims the Contractor's historic shared deductibles will be treated as if the full contractor deductible for the applicable tier has been applied.

B3.12 The maximum payable by the Marine Insurer under the Marine Cargo Policy for any one claim or series of claims or at any one site will be twenty million dollars (\$20,000,000) (plus GST where applicable) inclusive of deductibles unless:

- (a) In the Contractor's reasonable opinion a higher site limit is required and the Contractor makes a request to ZGL in writing for a specified higher limit for a named location (the "Agreed Amount") no later than 30 days prior to the commencement of the 2019 season. Such request must be submitted via email to the ZGL Insurance Manager at insurance@zespri.com; or
- (b) The Agreed Amount is agreed to by ZGL and the Marine Insurer in writing and the specified location is named in the Marine Cargo Policy prior to the commencement of the 2019 Season;

Then the maximum payable by the Marine Insurer under the Marine Cargo Policy for any one claim or any one event for the specified named site will be up to the Agreed Amount (plus GST where applicable) inclusive of deductibles. There may also be limitations on the maximum payable for some incidental costs.

B3.13 Notwithstanding **clause B3.12**, for all losses arising from earthquake, volcanic eruption, tsunami, hydrothermal activity and/or resulting fire, the insurers' payout is limited to an annual aggregate limit of 1 hundred million dollars (\$120,000,000) (plus GST where applicable) inclusive of deductibles. If the total claims exceed this limit, each individual's claim will be pro-rated in proportion to this limit.

B3.14 Unpacked fruit inventory in the event of a claim will be paid as Kiwifruit not packed. ZGL or its insurers reserve the right to use any data they consider appropriate for the purposes of determining the potential yield of unpacked fruit.

B4 ZGL COVER FOR LOSS LESS THAN DEDUCTIBLES

B4.1 In accordance with **clause A6.3(b)** of the **Supply Agreement**, coverage for any losses which are less than the deductibles under the Marine Cargo Policy (excluding the Contractors' deductible) and which relate to Kiwifruit and Packaging subject to Supply Agreements (including SLAs) is provided from the

Pools from the time the Kiwifruit is harvested until title passes to ZGL on the same terms as the Marine Cargo Policy.

B5 SETTLEMENT OF CONTRACTOR CLAIMS

B5.1 The basis of settlement by ZGL to the Contractor for loss occurring prior to FOBS under both the Marine Cargo Policy referred to in **clause A1** and the cover provided by ZGL referred to in **clause B4.1** will be the forecast FOBS values, as at the time of the loss, published monthly in the Kiwiflier, less any un-incurred charges.

B6 BAILEE'S LIABILITY

B6.1 In the event of loss or damage to Kiwifruit while it is under the care, custody or control of a party who is responsible for the care, custody or control of the Kiwifruit (a "Bailee"), ZGL or its Marine Insurer may exercise full recovery rights against that Bailee in respect of any loss or damage to that Kiwifruit for which the Bailee is responsible and that exceeds the Contractor's deductible referred to in **clause B7.1**.

B6.2 ZGL or its insurer will hold the Bailee liable up to the Maximum Limit per event and will waive recovery rights above the Maximum Limit per event provided that the Bailee takes up Bailee's liability insurance for the Minimum Limit in accordance with **clauses B6.3 to B6.6** and provided also that no action of the Bailee will prejudice the operation of this Bailee's liability insurance. This waiver of recovery rights above the Maximum Limit per event will not apply for situations involving willful or deliberate damage, misappropriation, fraud or recklessness.

B6.3 The Contractor will cause each Bailee contracted by the Contractor to take up Bailee's Liability Insurance for Kiwifruit to the broadest extent possible for each of the Bailee's coolstores, for the Minimum Limit. For the purpose of **clauses B6.1 to B6.3** the Maximum Limit and Minimum Limit shall be one million dollars (\$1,000,000) (plus GST). The Contractor must provide ZGL a copy of the policy including all terms and conditions before the commencement of the Season, and a copy of any policy renewal or change to policy terms and conditions which occur during the Season. If the policy contains any exclusions from cover which in ZGL's reasonable opinion are not standard or common exclusions contained in Bailee's insurance policies usually provided for perishable products ("unusual exclusions"), ZGL will notify the Contractor of those unusual exclusions, using best endeavours to do so within ten working days of identifying the unusual exclusions.

B6.4 If the Contractor makes a claim under either the Marine Cargo Policy or the cover provided under **clause B4.1** and in ZGL's opinion an unusual exclusion may result in the loss not being covered by the Bailee's insurance policy where ZGL or its insurer exercises recovery rights, **clauses B6.5 to B6.7** apply.

B6.5 Where a claim is made to which **clause B6.4** applies, ZGL will request the Contractor to provide ZGL with a bank guarantee or bank deposit, on terms acceptable to ZGL, to the value of one million dollars (\$1,000,000) (plus GST). If the Contractor provides such a bank guarantee or deposit within ten working days of receiving ZGL's request, ZGL will exercise its recovery rights by recourse to the bank guarantee or deposit if the unusual exclusion results in the loss not being covered by the Bailee's insurance policy.

B6.6 If the Contractor does not provide such a bank guarantee or deposit within ten working days of receiving ZGL's request, the cover provided by ZGL under **clause B4.1** (but not the Marine Cargo Policy referred to in **clause A1**) will be subject to the same unusual exclusions which apply to the Bailee's insurance as

notified by ZGL to the Contractor. ZGL will reverse any fruit and service payments made prior to the date the claim was lodged and will not make any insurance payments in accordance with the cover provided under **clause B4.1** (for example, by way of further fruit and service payments) until it determines that the loss is not covered by the unusual exclusion.

B6.7 If no appropriate Bailee's liability insurance is taken up by the Bailee or the Contractor does not provide a copy of the Bailee's liability insurance policy to ZGL, then ZGL's cover under **clause B4.1** (but not the Marine Cargo Insurance Policy referred to in **clause A1**) will not apply and ZGL will reverse any fruit and service payments made prior to the date the claim was lodged.

B6.8 A flowchart summarising the effect of **clauses B6.1 to B6.7** is attached as **Appendix 1**. In the event of any inconsistency **clauses B6.1 to B6.7** prevail over **Appendix 1**.

B6.9 The following are not covered by the insurance arranged by ZGL or the cover that ZGL provides under **clause B4.1**:

- (a) Claims for losses below the Contractor's deductible as per **clause B7.1** per claim, per event, these losses are the responsibility of the Contractor;
- (b) The Contractor's or their principals' or agents' contents, including but not limited to third party fruit in which ZGL has no insurable interest, unused packaging materials or owned, hired or borrowed chattels of any description;
- (c) Consequential loss including loss of profits of any kind whatsoever incurred by the Contractor are not covered under any of ZGL's insurance policies;
- (d) Any Kiwifruit which is not intended for or contracted to ZGL; or
- (e) Liquidated damages.

B7 CONTRACTOR'S DEDUCTIBLE

B7.1 The Contractor's deductible:

- (a) Is defined as the deductible of two hundred and fifty thousand dollars (\$250,000) (including GST) (or such higher amount as determined under paragraph (b) that applies per claim, per event to each of the Contractor's facilities as identified to ZGL by the Contractor and accredited under the Quality Systems Standard section of the ZIL Quality Manual (each a "Facility"). The Contractor's deductible applies to any claim lodged in the 2019 Season or following seasons in respect of a Facility that is accepted either under the ZGL Marine Cargo Policy or under the cover provided under **clause B4.1**, where the aggregate of any payments made by ZGL under **clause B4.1** in relation to the Facility during the season in which the claim is made is equal to or exceeds one hundred thousand dollars (\$100,000) (including GST) (a "Claim"); and
- (b) Will be determined by reference to the total number of Claims lodged in the current and, where relevant, previous seasons, as follows:
 - (i) Tier 1: A Contractor's deductible of two hundred and fifty thousand dollars (\$250,000) (including GST) applies to:

- (A) The first Claim by the Contractor in the 2019 Season; or
 - (B) Any Claim lodged in any subsequent season if:
 - (1) No other accepted Claim was made in the current season; or
 - (2) No other accepted Claim was made in the current or previous season and the Tier 2 amount would have applied if a Claim had been lodged in that previous season;
- (ii) Tier 2: A Contractor's deductible of three hundred and fifty thousand dollars (\$350,000) (including GST) applies to:
- (A) The second Claim lodged by the Contractor in the 2019 or any subsequent season, or in any two consecutive seasons; or
 - (B) Any Claim lodged in any season after the 2019 Season, if no other accepted Claim was lodged in the current or previous season but the Tier 3 amount would have applied if a Claim had been lodged in that previous season;
- (iii) Tier 3: A Contractor's deductible of four hundred and fifty thousand dollars (\$450,000) (including GST) applies to:
- (A) The third Claim lodged by the Contractor in the 2019 or any subsequent season, or in any two or three consecutive seasons, except where **clause B7.1(b)(ii)(B)** applies; or
 - (B) Any Claim lodged in any season after the 2019 Season, if no other accepted Claim was lodged in either the current or previous season but the Tier 4 amount would have applied if a Claim had been lodged in that previous season; and
- (iv) Tier 4: A Contractor's deductible of seven hundred thousand dollars (\$700,000) (including GST) applies to the fourth or any further Claim(s) lodged in the 2019 or any subsequent season, or in any two or three consecutive seasons, except where **clause B7.1(b)(ii)(B)** applies.
- (c) For claims made in respect of loss occurring due to an event:
- (i) Between the time of harvest and delivery to the packhouse door; or
 - (ii) Occurring between coolstore load out and vessel stowing;

Shall be 10% of the gross amount of the claim, per event with a minimum deductible of two thousand dollars (\$2,000) (including GST) and a maximum Contractor deductible of fifty thousand dollars (\$50,000) (including GST).

- (d) For claims made in respect of loss arising from earthquake, volcanic eruption, tsunami, hydrothermal activity and/or resulting fire for the purposes of this clause, the contractor's deductible shall be 2.5% of the value of the fruit, at the site, at the time of the loss, with a minimum of two hundred and fifty thousand dollars (\$250,000) per site, per event.

B8 CLASS 2 SUPPLY AND NON-STANDARD SUPPLY VOLUMES

B8.1 To ensure that Class 2 Supply and Non-Standard Supply volumes are insured under ZGL Marine Cargo Policy or covered by ZGL under **clause B4.1**, the Contractor must sign and return a copy of a SLA for the Class 2 Supply and Non-Standard Supply to ZGL. Without a signed SLA, ZGL and its insurers reserve the right to decline a claim.

B9 INSURANCE ARRANGED BY CONTRACTOR

B9.1 It is the responsibility of the Contractor to ensure that any insurances arranged by it or any of its principals or agents comply with the terms and conditions of ZGL's Marine Cargo Policy.

B10 CLAIM PROCEDURES

B10.1 In the event of the Contractor becoming aware of an event, circumstances, and/or actual or potential loss which may give rise to a claim under either the Marine Cargo Policy or **clause B4.1**, the Contractor or nominated representative shall:

- (a) Firstly notify the ZGL Insurance Manager verbally on 0800 155 355, no later than 48 hours following the event, in order that ZGL can make immediate arrangements to assess the damage;
- (b) Follow up by providing written notification of the circumstances and potential claim to the ZGL Insurance Manager at insurance@zespri.com no later than seven working days after the discovery of the loss or damage. This notification must state the following:
 - (i) Variety of the Kiwifruit involved;
 - (ii) Nature of the damage to Kiwifruit;
 - (iii) Timeframe of loss;
 - (iv) Cause of loss;
 - (v) Coolstores where affected fruit was stored;
 - (vi) Quantity of fruit affected by loss;
 - (vii) Estimated value of loss; and
 - (viii) Any other relevant information.

B11 The Contractor is required to supply the ZGL Insurance Manager or the independent loss assessor with a complete readable electronic copy of the applicable facility's EDI inventory records within 48 hours from the date of the official written notification provided pursuant to **clause B10.1**.

B11.1 ZGL and/or its insurers reserve the right to decline a claim if a late notification results in any difficulty and/or causes an inability in assessing, quantifying or verifying the cause or quantum of any loss or damage and where ZGL and/or its insurers are therefore prejudiced in being able to determine any claim. Late notification occurs when the provisions of **clauses B10.1(a) or (b)** are not complied with. Irrespective of whether late notification has occurred, the onus of proving any loss lies with the party making the claim and full supporting

documentation is required by ZGL and/or its insurers to assess any liability under ZGL's Marine Cargo Policy or **clause B4.1**.

- B11.2 Further, in the event that late and/or incomplete notification is given, ZGL reserves the right at ZGL's discretion to on-charge to the Contractor up to 50% of the total costs incurred by ZGL in investigation of the claim, irrespective of whether the claim is met or not.
- B11.3 Detailed procedures or forms can be obtained directly from any ZGL Quality Assessor or from the ZGL Insurance Manager. A copy of the procedure and forms will be sent directly to the Registered Supplier and NZKGI executive and will be available on the ZGL Canopy website.
- B11.4 The Contractor will promptly supply to ZGL any information that ZGL considers is reasonably necessary to assist in the resolution of any claim made by ZGL under any policy of insurance or by ZGL against any third party or by any third party against ZGL and any data required by ZGL's insurers to enable ZGL to effect insurance cover for the Marine Cargo Policy. Failure to provide any requested information under **clause B10.1** or this **clause B11.4** will result in the suspension or reversal of payments as referred to in **clauses B14.1** and **B14.2**.
- B11.5 The Contractor will co-operate fully with any Insurance Assessor appointed by ZGL's insurers. For any claims coming within **clause B4.1**, ZGL may either assess the loss itself or employ the services of an independent Insurance Assessor to assess claims. Unless the parties agree otherwise in writing prior to the assessment being concluded, the assessment of ZGL or the Insurance Assessor, as the case may be, will be binding on the parties. ZGL agree to consult with the Contractor on the Insurance Assessor employed however; it is agreed that ZGL's insurers will have the final say on appointing the Insurance Assessor.

B12 MARINE CARGO DISPUTES PROCEDURE

- B12.1 With the exception of the loss assessment under **clause B11.5** (which may not be disputed), any dispute under the Marine Cargo Policy or coverage pursuant to **clause B4.1** must be advised by the Contractor to ZGL in writing within 28 days of the Contractor's receipt of the claim subrogation and discharge form. This official written notification must set out the reasons for dispute and documentation in support of the dispute.
- B12.2 ZGL must respond in writing to any official written notification of dispute received under **clause B12.1** no later than 28 days from receipt of that notification and must provide supporting documentation with the response. Either party may then propose within 14 days that the parties proceed to mediation and to a mutually acceptable mediator.
- B12.3 Where the parties agree to mediation, the mediation process must be completed as soon as possible thereafter.
- B12.4 In the event mediation is not agreed, or if agreed does not result in a resolution, the parties may:
- (a) Elect to agree by mutual consent that the dispute be referred to arbitration. If so then the arbitration process will be commenced by one party writing to the other seeking agreement to the dispute being referred to arbitration and calling upon the other party to concur the appointment of a sole arbitrator;

- (b) If the parties agree to arbitration, but cannot agree a sole arbitrator, then either party may apply to the High Court for the appointment of a sole arbitrator with the costs of such application being shared equally;
- (c) If arbitration is mutually agreed between the parties, then it will be governed by the provisions of the Arbitration Act 1996 as amended.

B12.5 Where the parties have not agreed that the matter be referred to mediation, or where a resolution is not reached through mediation, or where the parties have not mutually accepted that the matter be referred to arbitration, then any such dispute shall be subject to the jurisdiction of the Courts of New Zealand, and either party may thereafter refer the matter to the Courts.

B12.6 For certainty, the Contractor acknowledges and agrees that the disputes resolution process set out in **Clause A9** of the **Supply Agreement** shall not apply to any dispute relating to insurance.

B13 MITIGATION OF LOSS

B13.1 It is the responsibility of the Contractor to use due diligence and take all such measures as may be reasonable to avoid or diminish any loss arising from an insured event and shall immediately give all information and evidence of such measures to the insurer and/or ZGL as they may reasonably require to assess and consider a claim under the Marine Cargo Policy or coverage under **clause B4.1**. Failure to take such measures could result in the amount of the loss covered under the Marine Cargo Policy or **clause B4.1** being reduced to the extent that the loss may have been reduced if such measures had been taken.

B14 FRUIT PAYMENTS

B14.1 With the exception of Tray Equivalents that have been reversed for Fruit Loss, the total volume of Kiwifruit submitted into the ZGL Inventory System that is subject to a claim under either the Marine Cargo Policy or coverage pursuant to **clause B4.1** will, subject to **clauses B6.6** and **B6.7**, receive insurance payments by way of a Standard Advance Payment and Progress Payments in accordance with clauses **C2.1** and **C4.1** of the **Pricing and Payment Manual** from the time of official written notification of the claim until the claim has been accepted under the Marine Cargo Policy or **clause B4.1**. No insurance payments by way of Fruit Incentives or Service Costs will be payable on that Kiwifruit, and any Fruit Incentives or Service Costs already paid on that Kiwifruit at the time of official written notification will be reversed, until the claim has been accepted. If the claim is not accepted then all payments made in respect of that Kiwifruit will be reversed and may be deducted or setoff in accordance with the provisions of the **Pricing and Payment Manual**.

B14.2 In the event payments are made pursuant to **clause B14.1**, ZGL shall be entitled, at sole discretion, to limit Progress payments for the Kiwifruit said to be lost and/or damaged in that claim to an amount of 70% of the Fruit Return due, until finalisation of the claim and application by ZGL of the applicable deductible.

B14.3 If a claim is accepted under either the Marine Cargo Policy or **clause B4.1** but the amount of any Standard Advance Payment and Progress Payments as referred to in **clause B14.1**, and of any other payments, that have been made in respect of the Kiwifruit subject to the claim, less the Contractor's deductible referred to in **clause B7.1**, exceeds the net amount of the claim (the "Surplus"), the Surplus will be treated as an amount owing from the Contractor to ZGL and may be deducted in accordance with the provisions of the **Pricing and Payment Manual**.

B14.4 The Contractor will:

- (a) Notify each Grower for whom a Grower number is listed under **Schedule 3**, in writing, of any insurance claim lodged with ZGL under either the Marine Cargo Policy or under **clause B4.1**, within 5 working days of the receipt of the ZGL claim notification as per **clause B10.1**. Such notification to the Growers must specify the variety and the quantity of Kiwifruit subject to the claim; and
- (b) Provide ZGL with a copy of the Grower claim notification at the same time the notification is sent to the Growers.

B15 MARINE CARGO INSURANCE COVER FOR HE

B15.1 The terms of cover for HE are as per the Marine Cargo Policy but are subject to policy limits and deductibles in **clause B15.2**. For claims made in coolstore in New Zealand, or in the normal course of transit, deductibles in **clause B15.2** will apply.

B15.2 For all claims a Contractor's deductible and/or a policy deductible will apply. Where the policy deductible exceeds the Contractor's deductible, any deductible remaining will be covered by the HE Pool. The deductibles for HE will be:

- (a) For all losses arising from earthquake, volcanic eruption, tsunami, hydrothermal activity and/or resulting fire, a contractor's deductible of 5% of the value of the HE fruit at the site, at the time of the loss, with a minimum of ten thousand dollars (\$10,000) (plus GST) per site, per event in New Zealand;
- (b) Excluding losses described in **B15.2(a)** the Contractor's deductible for events in coolstore, in New Zealand will be ten thousand dollars (\$10,000) (plus GST) per event;
- (c) For claims made in respect of loss occurring due to an event:
 - (i) Between the time of harvest and delivery to the pack house door; or
 - (ii) Occurring between coolstore load out and vessel stowing;

The Contractor's deductible shall be 10% of the gross amount of the claim, per event with a minimum Contractor's deductible of two thousand dollars (\$2,000) (including GST) and a maximum Contractor's deductible of ten thousand dollars (\$10,000) (including GST) per event. The policy deductible will be ten thousand dollars (\$10,000) (plus GST) per event inclusive of the Contractor's deductible. Cover for losses above the Contractor's deductible and below the policy deductible will be provided by the HE pool.

B15.3 ZGL also arranges Marine Cargo Insurance for HE to cover risks that arise after it acquires title to the Kiwifruit at FOBS.

B16 POLICY TERMS

B16.1 ZGL will publish the main policy terms of the Marine Cargo Policy in the Kiwiflier upon placement of the policy for the 2019 Season.

SECTION C CONTAMINATED PRODUCTS INSURANCE

C1 The terms, conditions and exclusions of the Contaminated Products Insurance will be set out in the policy to be entered into between ZGL and its insurer for the Season (the “Contaminated Products Insurance Policy”). ZGL will use its best endeavours to enter into the Contaminated Products Insurance Policy on substantially the terms set out below. In the event of any inconsistency between the terms below and the Contaminated Products Insurance Policy, the Contaminated Products Insurance Policy will prevail.

C2 The Contaminated Products Insurance Policy covers loss in excess of the deductible as specified in the policy but not exceeding the limits of the policy, which result directly from an insured event first discovered during the period of insurance as described in **clause C3.1** and reported to the Contaminated Products Insurer during this time or up to 30 days after expiry of this time.

C3 INDICATIVE TERMS OF THE CONTAMINATED PRODUCTS INSURANCE POLICY

C3.1 Period of insurance: 1st March 2019 to 1st March 2020.

C3.2 The Contaminated Products Insurance Policy will include cover for accidental or unintentional contamination of an insured product(s) which occurs during or as a result of its production, preparation, manufacture, picking, processing, blending, mixing, compounding, packaging or distribution; provided that the human use or consumption of such insured product(s) has resulted in or would result in bodily injury or property damage within three hundred & sixty (360) days following such use or consumption.

C3.3 The policy covers fresh or chilled Kiwifruit from the time of picking.

C3.4 The Contaminated Products Insurance Policy includes a deductible of one million dollars (\$1,000,000) (plus GST) which will apply separately to each and every insured event. Seventy five thousand dollars (\$75,000) (plus GST) of the deductible in the Contaminated Products Insurance Policy will be met by the Contractor (the Contractor’s Deductible) unless:

- (a) All requirements of the **ZIL Quality Manual** and all other Quality Assurance procedures in place have been complied with so as to minimise the risk of contamination;
- (b) That notice is provided to ZGL at the earliest possible time of detection and/or the discovery of contamination and/or of circumstances giving rise to the risk of contamination;
- (c) The discovery of contamination occurred pre-FOBS;
- (d) First detection of contamination was not an interception by ZGL; and
- (e) The interception was not by another party post-FOBS;

then in the event the circumstances are covered by the Contaminated Products Insurance Policy, the deductible will be apportioned as follows:

- (a) The first five thousand dollars (\$5,000) plus GST will be charged to the Contractor; and
- (b) The balance of the deductible will be charged to the relevant Pool.

C3.5 In the event the claim is made, and the conditions in **clause C3.4** are not satisfied, then the Contractor will be required to meet the entire sum of seventy five thousand dollar (\$75,000) to each and every insured event.

C3.6 Where a claim has been made and payable by either the Zespri pool and/or the contaminated products insurers the pool acting for the growers for the under deductible portion of the claim, and/or the insurer may exercise recovery rights against any party who may be liable for the loss or damage arising from the contamination event.

In the event the loss or damage is recoverable against either the contractor and/or under the post-harvest service agreement then the following applies:

- (a) Pursuant to the terms of any such applicable agreement, the growers claim will be notified to the contractor and/or the post-harvest service provider under any such agreement. The contractor and/or the post-harvest service provider will become liable for the loss or damage under that agreement but will take immediate steps to pass on that liability to its third party provider of services or products.
- (b) As a pre-requisite to having entered into contracts with those service providers and/or products suppliers, and as required by section A4.5(c)(iv) of the Supply Agreement all those suppliers will be required to have product liability insurance or professional indemnity insurance in a commercially reasonable level.
- (c) The contractor and/or the post-harvest service provider will use reasonable endeavours to recover the amount of loss up to the full extent of the service or product providers insurance. The Zespri Pool and the contaminated products insurers are to be consulted prior to any settlement being concluded.
- (d) Upon receipt of recovery from such providers, the recovery fund will be used to meet the loss presented by the pool and/or the contaminated products insurer against contractor and/or Post Harvest Service provider and any recovery proceeds so received will be offset against the contractors and/or post-harvest service providers liability cap of \$1m (excluding GST) per event
- (e) In the event the contractor and/or the post-harvest service provider is unable to make any recovery from its product or service supplier then its liability to the Zespri pool and/or the contaminated products insurer will remain but will be limited to the cap of \$1m (excluding GST) per event. For avoidance of doubt if there is any recovery from the third party provider of services or products, then clause (d) will apply.

C3.7 It is a condition of the Contamination Products Insurance Policy that the Grower/Contractor shall use due diligence and do and concur in doing all things reasonably practical to avoid and/or diminish any loss. In the event of an incident, situation or occurrence which may give rise to an insured event, the Growers and the Contractor must provide immediate notification to ZGL as per the requirements of the **ZIL Quality Manual**.

C3.8 The annual aggregate limit ("AAL") for accidental contamination claims under the Contaminated Products Insurance Policy will be twenty million dollars (\$20,000,000).

- C3.9 Where a claim is made within the period of insurance as described in **clause C3.1** ZGL may at its sole discretion endeavour to purchase a reinstatement of the AAL from the Contaminated Products Insurer if a reinstatement is available from the Contaminated Products Insurer. Reinstatement premiums will be charged to the Pools in accordance with **clause A6**.
- C3.10 Unpacked fruit inventory in the event of a claim will be paid as Kiwifruit not packed. ZGL or its insurers reserve the right to use any data they consider appropriate for the purposes of determining the potential yield of unpacked fruit.
- C3.11 If a Contractor's product is involved in an insurable Contamination event ZGL will promptly notify the Contractor once ZGL becomes aware of the event and can confirm the Contractor(s) fruit is involved. ZGL will keep the contractor informed of all reasonable practical options available to dealing with the contaminated fruit prior to any decision being made. Notwithstanding the foregoing, all decisions with respect to contaminated fruit shall be in ZGL's sole discretion.

C4 SETTLEMENT OF CONTRACTOR CLAIMS

- C4.1 The basis of settlement by ZGL to the Contractor for loss occurring prior to FOBS under the Contaminated Products Insurance Policy will be the forecast FOBS values, as at the time of the loss, published monthly in the Kiwiflier, less any un-incurred charges, plus extra expenses incurred as a result of an insured event over and above the costs of such activities during the same period of time had no insured event occurred.

The following are not covered by the insurance arranged by ZGL

- (a) Claims for losses below the deductible set out in **clause C3.4**; these losses are the responsibility of the Contractor;
- (b) The Contractor's or their principals' or agents' contents, including but not limited to third party fruit in which ZGL has no insurable interest, unused packaging materials or owned, hired or borrowed chattels of any description;
- (c) Consequential loss including loss of profits of any kind whatsoever incurred by the Contractor;
- (d) Any Kiwifruit which is not intended for or contracted to ZGL; or
- (e) Liquidated damages.

C5 CLASS 2 SUPPLY AND NON-STANDARD SUPPLY VOLUMES

- C5.1 To ensure that Class 2 Supply and Non-Standard Supply volumes are insured under the Contaminated Products Insurance Policy the Contractor must sign and return a copy of a SLA for Class 2 Supply and Non-Standard Supply to ZGL. Without a signed SLA, ZGL and its insurers reserve the right to decline a claim.

C6 CLAIM PROCEDURES

- C6.1 In the event of the Contractor becoming aware of an event, circumstances, and/or actual or potential loss which may give rise to a claim under the Contaminated Products Insurance Policy, the Contractor or nominated representative shall:

- (a) Firstly notify the ZGL Insurance Manager verbally on 0800 155 355, as soon as practicable following the insurance event, in order that ZGL can take appropriate actions to prevent contaminated fruit continuing through the supply chain;
- (b) Send a written notice of a claim as soon as practicable after the alleged insured event has occurred providing all the detailed particulars and regarding the cause of the insured event to the ZGL Insurance Manager, at insurance@zespri.com this notification must state the following:
 - (i) Variety of the Kiwifruit involved;
 - (ii) Nature of the incident;
 - (iii) Timeframe of contamination incident;
 - (iv) Suspected nature and cause of contamination;
 - (v) Coolstores where affected fruit was stored;
 - (vi) Quantity of fruit affected;
 - (vii) Pallet number, Grower Number(s) and location of affected fruit;
 - (viii) Estimated value of loss; and
 - (ix) Any other relevant information.

ZGL will then pass the notification to the insurer.

- C6.2 ZGL and/or its insurers reserve the right to decline a claim if a late notification results in any difficulty and/or causes an inability in assessing, quantifying or verifying the cause or quantum of any loss or damage and where insurers are therefore prejudiced in being able to determine any claim. Late notification occurs when the provisions of **clauses C6.1** are not complied with. Irrespective of whether late notification has occurred, the onus of proof of loss lies with the party making the claim and full supporting documentation is required by insurers to assess any liability under the Contaminated Products Insurance Policy.
- C6.3 The Contractor will promptly supply to ZGL or the Contaminated Products Insurer any information that ZGL or the Contaminated Products Insurer considers is reasonably necessary to assist in the resolution of any claim made by the contractor or by ZGL under any policy of insurance or by ZGL against any third party or by any third party against ZGL and any data required by ZGL's insurers to enable ZGL to effect insurance cover for the Contaminated Products Policy. Failure to provide any requested information under **clause C6.2** or this **clause C6.3** will result in the suspension or reversal of payments as referred to in **clause C8.1** and **C8.2**.
- C6.4 The Contractor will co-operate fully with any insurance assessor(s) appointed by ZGL's insurers. Unless the parties agree otherwise in writing prior to the assessment being concluded, the assessment of the insurance assessor(s) will be binding on the parties.
- C6.5 The Contractor shall co-operate with ZGL and its Contaminated Products Insurer in all matters relating to this insurance. This may include but is not limited to, attending hearings and trials, securing and giving

evidence, obtaining the attendance of witnesses, assisting in effecting settlements, and in conducting litigation, arbitration and other proceedings.

C7 MITIGATION OF LOSS

- C7.1 The Contractor shall use due diligence and do and concur in doing all things reasonably practicable to avoid or diminish any loss arising from an insured event and shall immediately give all such information and assistance to the insurer as it may reasonably require to enable it to investigate and to defend the claim and/or to enable the Insurer to determine its liability under the policy.
- C7.2 The Contractor must not disclose the existence of the Contaminated Products Insurance Policy unless required by law to do so.

C8 FRUIT PAYMENTS

- C8.1 With the exception of any Tray Equivalents which have been reversed for Fruit Loss, the total volume of Kiwifruit submitted into the ZGL Inventory System that is subject to a claim under the Contaminated Products Insurance Policy will receive insurance payments by way of a Standard Advance Payment and Progress Payments in accordance with **clauses C2.1 and C4.1** of the **Pricing and Payment Manual** from the time of official written notification of the claim until the claim has been accepted under the Contaminated Products Insurance Policy. No insurance payments by way of Fruit Incentives or Service Costs will be payable on that Kiwifruit, and any Fruit Incentives or Service Costs already paid on that Kiwifruit at the time of official written notification will be reversed, until the claim has been accepted. If the claim is not accepted then all payments made in respect of that Kiwifruit will be reversed and may be deducted or setoff in accordance with the provisions of the **Pricing and Payment Manual**.
- C8.2 In the event payments are made pursuant to **clause C8.1**, ZGL shall be entitled, at its sole discretion, to limit progress payments for the Kiwifruit said to be lost and/or damaged in that claim to an amount of 70% of the Fruit Return due, until finalisation of the claim and application by ZGL of the applicable deductible.
- C8.3 If a claim is accepted under the Contaminated Products Insurance Policy but the amount of any Standard Advance Payment and Progress Payments as referred to in **clause C8.1**, and of any other payments, that have been made in respect of the Kiwifruit subject to the claim, less the Contractor's deductible referred to in **clause C3.4** exceeds the net amount of the claim (the "Surplus"), the Surplus will be treated as an amount owing from the Contractor to ZGL and may be deducted or setoff in accordance with the provisions of the **Pricing and Payment Manual**.
- C8.4 The Contractor will:
- (a) Notify each Grower for whom a Grower Number is listed under **Schedule 3**, in writing, of any insurance claim lodged with ZGL under the Contaminated Products Insurance Policy within 5 working days of the receipt of the ZGL claim notification as per **clause C6.1**. Such notification to the Growers must specify the variety and the quantity of Kiwifruit subject to the claim; and
 - (b) Provide ZGL with a copy of the Grower claim notification at the same time the notification is sent to the Growers.

 - (iii) Any orchard which has two consecutive seasons without any claim will revert to the 10% deductible percentage.
- (e) Kiwifruit Growers blocks with solid cover or hail netting will be eligible for a rebate based on 80% total cost of the hail scheme for the season for the covered blocks production providing those Kiwifruit Growers have:
 - (i) A covered canopy erected by 1 November 2018.

Insurance Update

AUGUST 2018

The Zespri Group Limited 2019 Pool Hail Insurance Policy

These are the terms of the insurance cover for kiwifruit damage as a direct result of Hail Strike for the upcoming season, from 1 August 2018 to 31 July 2019. The policy pays for the loss of individual Zespri Class 1 kiwifruit which is damaged by having been directly struck by hail, on the vine, and is unable to then meet Zespri export standards as a result of that damage.

The maximum indemnity limit for the Zespri Green variety and the Insurer is a total of \$6 million and the maximum indemnity for Zespri SunGold and the Insurer is a total of \$6 million. The cover consists of \$3 million pool-funded and \$3 million commercially-purchased insurance cover for each variety. The commercial cover is activated only if the \$3 million self-funded pool cover is exceeded in the 2019 harvest season. The maximum indemnity limit for the Zespri Sweet Green variety is \$270,000. The commercial cover is activated only if the \$20,000 pool-funded cover is exceeded in the 2019 harvest season.

Orchards that have blocks with solid cover or hail netting erected before 1 November 2018 will receive a rebate. The rebate will be based on 80 percent total cost of the hail scheme for the season for the covered blocks production.

Zespri strongly recommends that all growers closely examine the cover provided by this policy. The Pool Hail Insurance Scheme provides partial compensation for yield loss due to Hail Strike. This policy does not provide full indemnity from hail losses and those growers who seek full indemnity or additional cover should consider purchasing additional private hail insurance or discuss with their grower entities hail insurance schemes available for entities through commercial insurers.

For the avoidance of doubt, this policy covers only individual kiwifruit pieces that are directly struck by hail and would otherwise be Class 1 export grade kiwifruit. It does not cover consequential damage such as water stain or softening. Growers need to be aware there may be additional cost or losses associated with hail events that are not covered by this policy. The Zespri Board and Industry Advisory Council approved the Pool Hail Insurance Policy under the policy conditions as set out below.

THE COVER

If Hail Strike causes damage to the 2019 season's export quality kiwifruit while on the vine anywhere in New Zealand during the Policy Period from 1 August 2018 to 31 July 2019, Zespri Group Limited (The Company) and the Insurer (where applicable) will pay Zespri Kiwifruit growers whose kiwifruit are exported by Zespri Group Limited (the Insured), for the resulting loss of Class 1 yield of kiwifruit arising directly from Hail Strike from a hail event to the limits and agreed values set out in this policy. Zespri Group Limited and the Insurers' liability under the cover will not exceed the amount of \$6 million in total for Zespri Green variety, \$6 million in total for Zespri SunGold and \$270,000 for Zespri Sweet Green variety.

THE INSURED

Zespri Kiwifruit growers in New Zealand whose kiwifruit on the vine is destined for Zespri Group Limited's export markets

POLICY PERIOD

1 August 2018 to 31 July 2019

THE COMPANY

Zespri Group Limited

THE INSURER

Allianz Australia Insurance Limited ABN 15 000 122 850 (Incorporated in Australia) trading as Allianz New Zealand

AGREED VALUE BASIS OF SETTLEMENT

1. For hail damage, the loss shall be assessed as export grade kiwifruit which is unable to meet Zespri Group Limited's Class 1 export standards as a direct result of those kiwifruit being struck by hail on the vine.
2. The agreed values below are subject to the application of the deductible percentage as described below.

AGREED VALUES			
Varieties	Maximum indemnity limit	Fruit group	Agreed value
Zespri Green	\$6 Million*	Zespri Green	85% industry average OGR per TE
Zespri SunGold	\$6 Million*	Zespri SunGold	80% industry average OGR per TE
Zespri Sweet Green	\$270,000*	Zespri Sweet Green	85% industry average OGR per TE

*Limit consists of \$3 million pool-funded cover and \$3 million commercially purchased insurance cover per Green and Gold varieties. \$20,000 pool-funded cover and \$250,000 commercially purchased insurance cover for Sweet Green.

3. Loss, if any, shall be adjusted and payable by The Company (and the Insurer where applicable) to the insured, whose receipt shall constitute a release in full of all liability under this Policy as regards to such loss.
4. Unless otherwise stated, the adjusted loss shall be net of salvage and other recoveries.
5. Agreed values above are exclusive of GST.

INDEMNITY LIMIT

The total cover for the Zespri Green variety is NZD \$6 million. The total cover for Zespri SunGold is NZD \$6 million. The total cover for Zespri Sweet Green variety is \$270,000. In the event the claims by the insured exceed the limit per the Variety, then the total adjusted claims will be calculated on a pro rata basis per variety by dividing the total adjusted claims per variety into the total cover per variety and the claim payment will be adjusted accordingly.

DEDUCTIBLE PERCENTAGE

From each adjusted loss, the deductible percentage shall be deducted. Within the affected orchard, the deductible percentages which will apply from 1 August 2018 are:

Base Deductible

1. The base deductible is 10 percent of the potential yield of each variety for any first claim.

Illustrated Example

Orchard A, a Green orchard, suffers a hail event. Zespri is notified and an external assessor visits the orchard to assess the damage. Orchard A has not had a claim for the two previous consecutive seasons. The result of Orchard A's claim is:

Variety	Potential yield	Export tray loss from hail strike	Trays subject to deductible*	Net tray loss	Agreed value: 85% of industry average per TE OGR**	Value of tray loss
Zespri Green	20,000	8,000	2,000	6,000	\$4.25 (note: indicative only for the purpose of this example)	\$25,500

* Trays subject to deductible = 10 percent of potential yield of each variety (rising by 5 percent with claims in consecutive seasons). Potential Yield is the quantity of Class 1 export grade kiwifruit remaining unharvested at the time of the hail event.

** \$4.25 is for example purposes only. Agreed value for Green is 85 percent of applicable season's industry per TE OGR as published in the August 2019 Kiwiflier.

Seasonal Increment

2. Deductibles will further increase in increments of 5 percent for claims in consecutive seasons. Any orchard which has **two consecutive seasons** without any claim will revert to the 10 percent deductible percentage.

Illustrated Example

- a. Orchard A (which has not previously made a hail claim) has a hail claim for the 2019 season – the deductible applied will be 10 percent.
- b. Orchard B has previously had a claim in the 2018 season and also has a hail claim for the 2019 season. The deductible percentage will be 15 percent as there are two consecutive seasons with a claim. Orchard B then has no hail claim for the 2020 and 2021 seasons. The deductible percentage falls back to 10 percent as there are two consecutive seasons without any claim.

Orchards partially harvested at the time of a hail event

3. For an orchard that has been partially harvested at the time of the hail event, the deductible will be applied as a percentage of the potential yield that remained unharvested immediately before the hail event. In respect of the orchard deductible, one deductible (per claim variety) will apply for the aggregate of all losses arising from hail in respect of an individual KPIN in any given Policy Period unless otherwise stated in this Policy.

Segregation

4. Green KPINs with total orchards 7 hectares and larger and Gold KPINs with total orchards 5 hectares and larger may be segregated into areas ('orchards') of 7 (Green) or 5 (Gold) hectares minimum respectively for claims for application of the deductible and/or the determine of a constructive total loss (CTL). Segregation must be along visible geographic boundaries such as orchard blocks or internal and external shelter belts or roads. In the event of hail damage, any such segregation must be agreed at an initial preliminary inspection with the independent loss assessor. The independent loss assessor has sole discretion in approving the segregation. If segregation of areas cannot be agreed with the loss assessor, the entire KPIN will be assessed as a single claim. Once the segregation is agreed, that area will be treated as a single orchard for the purpose of making a claim, subject to the Policy terms and conditions.

CONSTRUCTIVE TOTAL LOSS (CTL)

The CTL Limit is the level of assessed damage due to hail strike under the terms of the policy at which the crop is considered a write-off. An external loss adjuster will be appointed and will declare a CTL, or not, as the case may be, according to the limits set out below. A CTL can only be declared where these limits are breached. For an orchard that has been partially harvested at the time of the hail event, the CTL limit will be applicable to the yield that remains unharvested immediately before the hail event.

CTL Limits for Zespri Green Variety:

CTL Limit for Hail Events on or before 31 December 2018

The CTL limit for all hail events occurring on or before 31 December 2018 is 70% damage.

CTL Limit on for Hail Events on or after 1 January 2019 but before 1 March 2019

The CTL limit for all hail events occurring on or after 1 January 2019 but before 1 March 2019 is 60% damage.

CTL Limit for Hail Events on or after 1 March 2019

The CTL limit for all hail events occurring on or after 1 March 2019 is 40% damage.

CTL Limits for Zespri SunGold & Zespri Sweet Green Varieties:

CTL Limit for Hail Events on or before 31 December 2018

The CTL limit for all hail events occurring on or before 31 December 2018 is 70% damage.

CTL Limit on for Hail Events on or after 1 January 2019 but before 13 February 2019

The CTL limit for all hail events occurring on or after 1 January 2019 but before 13 February 2019 is 60% damage.

CTL Limit for Hail Events on or after 14 February 2019

The CTL limit for all hail events occurring on or after 14 February 2019 is 40% damage.

Basis of Valuation for CTLs

In the event of a CTL being declared, the basis of valuation will be as per the Agreed Basis of Valuation.

Declaration of CTL

In the event of a CTL being declared by the external loss adjuster, a grower may choose to accept the CTL. Payment is then as per the Agreed Basis of Valuation for the Class 1 potential yield that remained unharvested immediately before the hail event, less the applicable deductible. This assessment will then become the final assessment and the grower will be required to remove the damaged kiwifruit off the vines and dispose of it and not receive any compensation revenue from the disposed kiwifruit.

In the event of a CTL being declared by the external loss adjuster, a grower may opt to forego the CTL and continue with harvest. The Net Claim Trays will then be considered the actual Loss of Yield due to hail strike less the applicable deductible. For the avoidance of doubt where a grower forgoes the CTL the loss adjuster may reassess the volume loss following harvest and packing. The basis of valuation will be as per the Agreed Basis of Valuation. The orchard will retain any of the Class 1 earnings received.

Illustrated Example

- a. Orchard A has an assessment of 62 percent hail loss after 1 January. Orchard A accepts the CTL and receives an insurance payment for 90 percent (100 percent less the 10 percent deductible) of their Class 1 Potential Yield. Orchard A cannot harvest.
- b. Orchard B has an assessment of 62 percent hail loss after 1 January. Orchard B opts to forego the CTL. Orchard B harvests their crop and the claim is reassessed following packing as a 61 percent loss. Orchard B receives an insurance payment for 51 percent (actual trays lost due to hail strike less the deductible). Any Class 1 return is not deducted from the claim.

GRADING/COOLSTORAGE PROCEDURES FOR HAIL-DAMAGED KIWIFRUIT

Packhouses must grade kiwifruit damaged by hail, which is the subject of a claim, within the following timeframes:

- For hail events before 15 February: within eight weeks of picking
- For hail events on or after 15 February: within three weeks of picking

If kiwifruit will not be graded within the required timeframes, the independent loss assessor must be notified by the grower (or a grower's nominated representative) before that kiwifruit is placed in coolstorage. That kiwifruit must have a 5 percent sample assessment completed within the timeframes specified above. This 5 percent assessment will then be the basis of the hail damage calculation. **No further assessment will be made once that kiwifruit is taken out of coolstorage.**

The initial assessment at the time of grading (where applicable) or the 5 percent sample assessment will be the basis of the hail damage calculation and **no subsequent assessments will be made after the kiwifruit is taken out of storage or at repack.** Graded and packed kiwifruit damaged by hail and subject of a claim and placed into coolstorage will not receive any subsequent assessment.

NOTE: The three-week timeframe was developed to give logistical flexibility to post-harvest suppliers in the event that significant volumes of kiwifruit are affected. However, it must be acknowledged that research by Plant & Food Research suggests that for best practice in respect to managing hail damaged crops, a shorter timeframe for grading and packing is ideal.

COVERED CANOPY HECTARES REBATE

Growers who have covered canopies are still covered by the scheme; however as hail risk to crops under covered canopies is significantly reduced, participation for covered canopy (solid cover or hail netting) production will be at a significantly discounted rate. Spray Diary allows growers to indicate if a block has solid cover or hail netting. Orchards that have blocks with solid cover or hail netting will be eligible for a rebate under the 2019 scheme. The rebate will be based on 80 percent of the total cost of the hail scheme for the season for the covered blocks production.

In order to be eligible for the rebate, growers with covered canopies must:

- Have covered canopy erected by 1 November 2018
- Have a minimum of 0.20 hectares covered or an entire variety on orchard covered
- Have volume submitted into Zespri inventory that is from the area covered with hail netting or solid cover
- Have indicated on their Spray Diary for the season, before 28 February 2019, blocks that have hail netting or solid cover

Zespri must confirm and agree the covered area production, and will verify or audit this during the course of the season. The total costs of the hail insurance scheme will only be determined after August 2019 once all claims are resolved, and thus the amount of the coverage and rebate cannot be confirmed until after this date. Rebates to covered canopy production will be based on the industry average per TE cost of the scheme by varietal pool and the amount of covered canopy production.

EXAMPLE: COVERED CANOPY REBATE MECHANISM (EXAMPLE: GOLD VARIETY POOL)				
x Cost of scheme (2019 Gold actual)	Total Gold volume (TE)	= Cost of scheme per TE	x 80% = Rebate per TE covered canopy production	Cost of participation per TE for covered canopies
\$696,000	30,000,000	\$0.0232	\$0.0186	\$0.0046

This Policy does not cover:

1. Nuclear weapons materials.
2. Ionising radiation or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel. For the purpose of this exclusion, combustion includes any self-sustaining process of nuclear fission.
3. War, invasion, act of foreign enemy, warlike operations (whether war is declared or not), civil war, mutiny, rebellion, revolution, insurrection, military or usurped power.
4. Earthquake, subterranean fire or tsunami.

5. Consequential losses which may include but is not limited to any loss that arises after harvesting or from the grower not being able to meet any contractual obligations and also includes loss of profits of any kind whatsoever incurred by the Insured in respect of any claim.
6. Mismanagement or failure to apply acceptable horticultural practices.
7. Water stain.
8. Loss of leaves.
9. Loss of size profile.
10. Varieties that have not been commercialised by Zespri and are grown under pre-commercial trial agreements.
11. Loss of yield directly caused by the collapse of a covered canopy (solid cover or hail netting) onto a kiwifruit vine.

CANCELLATION

The Policy shall remain in force from 1 August 2018 to 31 July 2019 and shall not be cancelled by either Party.

CROP TENDING

The grower is required to tend the crop in a manner consistent with the generally accepted horticultural practices and procedures and must take all reasonable steps to ensure the protection and preservation of the kiwifruit crop.

MITIGATION OF LOSS

As the Insured, the grower must use all reasonable and usual care and take all practical measures to mitigate loss or damage that may result from a hail event.

EXTERNAL LOSS ADJUSTER

An independent loss adjuster to assess the loss as agreed to by both Zespri and the Insurer will be appointed by Zespri Group Limited for all hail damage which exceeds the orchard deductible. Assessors cost associated with hail claims will be paid by the Grower Pool (by Zespri Group Limited).

CLAIM NOTIFICATION

In the event of hail the grower, or the grower's appointed representative, must call the Zespri Contact Centre on 0800 155 355 within 72 hours. For early season hail, any delay in notification may result in the knocked off fruiting shoots being lost and therefore unable to be viewed for the assessment.

LATE NOTIFICATION

If no notification is received by Zespri within a reasonable period after the hail event, Zespri reserves the right to decline a claim if the delay in notification results in any difficulty or compromise to the accuracy of the assessment and quantification process by the external loss adjuster.

APPENDIX 3 INDICATIVE HAIL ASSESSMENT PROCESS

This assessment process is for the purpose of providing a simplified illustration of a common assessment process. The external assessor (the "Independent Loss Assessor") appointed by ZGL has complete discretion in choosing the appropriate methods of determining the level of hail damage and is not bound by this process in assessing the loss.

1. The Independent Loss Assessor will make a preliminary estimate of hail damage on orchard.
2. The preliminary estimate will determine if the loss is a likely CTL (Constructive Total Loss)
3. If CTL is likely a formal orchard assessment is conducted. If a CTL declared in formal assessment either:
 - a) Grower can accept the CTL. Once the CTL is accepted the Grower cannot harvest and receives payment for 90% (Potential yield less deductible). No further assessment is required.
- Or
- b) Grower can opt out of CTL. The Grower will only receive payment for the final assessed loss, less deductible (grower is now ineligible for CTL payment regardless of subsequent assessment outcomes)
4. If not a CTL or the Grower opts out of the CTL then the Grower must agree to a harvest plan with the Independent Loss Assessor
5. If the Grower is going to thin hail fruit or select pick they must notify the Independent Loss Assessor prior to doing so as the Assessor will need to count any discarded fruit so that it can be included in the count for final fruit loss.
6. At harvest the Grower or nominated representative must notify the Independent Loss Assessor that fruit is being sent to the packhouse.
7. The Independent Loss Assessor will do a final packhouse assessment when the fruit is picked and is being graded so that they can determine how much Class 1 fruit was rejected directly as a result of hail.

APPENDIX 6 ESCROW PROVISIONS

1. Where a Contractor has lodged a dispute under **Section D of Schedule 11**, the Contractor may elect to deposit an amount of money equivalent to the amount of the charges applied in accordance with **clause B10 or C10 of Schedule 11** that are the subject of the dispute ("**Disputed Amount**") into the trust account of any New Zealand solicitor or firm of solicitors ("**Escrow Agent**"). Such deposit must be made in cleared funds and receipt must be confirmed to ZGL by the Escrow Agent within 30 days of lodgement of the dispute to which it relates.
2. The Contractor shall instruct the Escrow Agent to hold the Disputed Amount in escrow in the joint names of the Contractor and ZGL, in accordance with the terms and conditions of this **Appendix 6**. The Escrow Agent must confirm to ZGL that it has received and agrees to comply with the terms and conditions of this **Appendix 6**.
3. The Disputed Amount shall be held in an interest-bearing trust account with a New Zealand trading bank. All interest earned shall be capitalised and re-invested from time to time. Interest earned shall be for the credit of the party to whom the relevant funds are released.
4. Subject to **clause 5**, the Disputed Amount (or any part thereof) shall only be released by the Escrow Agent upon the earlier of any of the following events ("**Release Events**"):
 - a. ZGL giving written instructions to the Escrow Agent to pay all or part of the Disputed Amount to the Contractor;
 - b. The Contractor giving written instructions to the Escrow Agent to pay all or part of the Disputed Amount to ZGL;
 - c. A mediator appointed in accordance with **clause D1.10 of Schedule 11** or an arbitrator appointed in accordance with **clause D1.11 of Schedule 11** giving written instructions to the Escrow Agent to pay all or part of the Disputed Amount to ZGL and/or to the Contractor for the purposes of settling or determining the outcome of the dispute.
 - d. Five working days after:
 - i. ZGL giving written instructions to the Escrow Agent to pay all of the Disputed Amount to ZGL on account of the dispute being deemed to be withdrawn under **clause D1.12 of Schedule 11**; and
 - ii. ZGL giving notice to the Contractor of the instructions issued under **clause 4(d)(i)**.
 - e. Five working days after:
 - i. The Contractor giving written instructions to the Escrow Agent to pay all of the Disputed Amount to the Contractor on account of the dispute being deemed to be accepted by ZGL under **clause D1.13 of Schedule 11**; and
 - ii. The Contractor giving notice to ZGL of the instructions issued under **clause 4(e)(i)**.
 - f. By the order of a Court of competent jurisdiction giving written instructions to the Escrow Agent to pay all or part of the Disputed Amount to ZGL and/or to the Contractor.
5. The Escrow Agent shall only deal with or pay out the Disputed Amount (or any part of it) in accordance with written instructions received pursuant to **clause 4**. In the event the Escrow Agent receives notice from either ZGL or the Contractor of a dispute as to whether a Release Event has occurred or as to any other circumstances under which the Escrow Agent is required to release the Disputed Amount, then the Escrow Agent shall hold the Disputed Amount pending the following:
 - a. The agreement of both ZGL and the Contractor as to the release of the Disputed Amount, such agreement to be notified to the Escrow Agent in writing; or

SCOPE OF MANUAL

This **Pricing and Payment Manual**, subject to **Schedule 2**, sets out the manner in which prices are determined and payments are made in respect of:

- (a) Kiwifruit supplied to ZGL; and
- (b) Services supplied to ZGL;

under the **Supply Agreement** between ZGL and the Contractor for the current Season.

This Manual is a supply specification which forms part of, and is deemed to be included in, the **Supply Agreement**. The Interpretation provisions of the **Supply Agreement** apply in this Manual unless the context otherwise requires.

Unless otherwise stated in the **Supply Agreement** or in a **SLA** under **Schedule 6**, all payments made by ZGL to the Contractor will be in New Zealand dollars ("NZD").

SECTION A CALCULATION OF PRICE FOR KIWIFRUIT

A1 FRUIT PRICE FOR KIWIFRUIT

A1.1 ZGL will, on or before 31st May 2020, fix the price in NZD in accordance with this **SECTION A** for each Tray Equivalent of Kiwifruit supplied to ZGL in each of the Pools under the **Supply Agreement**.

A1.2 ZGL will fix the fruit prices for Kiwifruit supplied to it in each Pool in a way which returns all of the Fruit Returns (as calculated in accordance with **clause A2** of this **Manual**) to the Contractors that supplied Kiwifruit to ZGL in that Pool during the Season.

A1.3 Within each Class 1 Pool, different fruit prices, for different sizes of Kiwifruit, by size grouping, as set out in **clause (a)** of **APPENDIX 1** are calculated. ZGL may, in consultation with the ISG and IAC, smooth fruit prices within a Pool by size grouping where considered justified to manage market anomalies. In the event that payments by size grouping have been smoothed, ZGL will disclose fruit prices by Pool, by size grouping to the ISG and IAC. In agreement with ISG and IAC, ZGL at its discretion, may ungroup sizes for payment as it deems appropriate.

A2 CALCULATION OF FRUIT AND SERVICE PAYMENTS

A2.1 Kiwifruit supplied to ZGL under the **Supply Agreement** (other than Non-Standard Supply Kiwifruit as referred to in **SECTION G**) will be allocated by ZGL to the following Pools:

Pool	Variety	Class	Growing Method
Zespri Green Kiwifruit	HW	Class 1	Conventional, conversion and transition
Zespri Green Organic Kiwifruit	HW	Class 1	Organic: Biogro and Demeter

Green Organic Kiwifruit	HW	Class 2	Organic: Biogro and Demeter

Gold Kiwifruit	GA	Class 2	All
----------------	----	---------	-----

Reference to a Pool or Pools in this Manual means a Pool or Pools as specified in this **clause A2.1**

A2.2 A Fruit Return for each Pool and size for the Season will be calculated by ZGL, in New Zealand dollars translated in accordance with **clauses A2.14 to A2.17**, as follows:

	Component	Reference
(a)	Net Sales	Defined in clause A2.4
	Less	
(b)	Promotion Costs	Defined in clause A2.5
(c)	Direct Costs	Defined in clause A2.6
(d)	ZGL Margin	Defined in clause A3
Equals	Total fruit and service payments	
	Less	
(e)	Service Costs	Defined in clause A2.8
(f)	Fruit Incentives	Defined in clause A2.9
Equals	Fruit Return	

A2.3 When fixing prices for Kiwifruit supplied to the Zespri Class 1 Gold Kiwifruit Pool, ZGL will fix a Tray Equivalent price for each size of Zespri Class 1 Gold Organic Kiwifruit that is a minimum of \$2.20 more than the price for Zespri Class 1 Gold Conventional Kiwifruit of the same size at a fruit value level.

A2.4 "Net sales" means gross revenues recognised by ZGL from the sale of the Kiwifruit in each Pool:

- (a) Less discounts, quality claims, credits, rebates, brokerage or commissions paid or provided to customers or agents, or, as the case may be, incurred by ZGL in relation to the sale of Kiwifruit in the Pool;
- (b) Plus the revenue, less costs for Kiwifruit in that Pool sold under a Collaborative Marketing Arrangement. The costs include a per tray fee for logistics/procurement and a fixed sum for administration, both of which are negotiated with Kiwifruit New Zealand and paid to ZGL;

 - (v) Bank charges relating to foreign exchange, letters of credit, customer guarantees, debt factoring and credit management services;

 - (ii) An internal interest charge from ZGL for the use of ZGL's funds where the ZGL funds are used to make payments to the Pool; and
 - (iii) Internal interest income from ZGL when the Pool has undistributed net positive cash

whereby the internal interest charge from ZGL and the internal interest income received will be calculated at the end of each month by splitting the ZGL Group balance sheet into Pool transactions and corporate transactions. For the avoidance of doubt, all external interest income received belongs to ZGL, with the Pool receiving interest income on net undistributed excess funds determined via the month end balance sheet allocation approach described in this clause. The interest rate for the internal interest charge will be the Official Cash Rate (OCR) applicable at the end of that month and the interest rate for the interest income earned will be the 30 day BKBM (Bank Bill Market) rate applicable at the end of that month. Any interest charged or earned by the Pool will be allocated to the Pool monthly;
- (n) Tax payable in relation to the sale of Kiwifruit which is not recoverable and is an outright cost to ZGL, and direct and withholding taxation in relation to the sale of Kiwifruit, to the extent that it is an unexpected tax liability not recoverable from any tax authority in either an offshore tax jurisdiction or in New Zealand.

(where: "tax payable" includes duties and customs charges incurred, indirect taxes (such as sales taxes and VAT), direct and withholding taxation, and any related interest and penalties.

"Unexpected tax liability" includes tax payable which in any given year increases the relevant tax expense of the Group (Zespri Group Limited and its subsidiaries) in relation to the relevant transaction(s) by more than 10% compared to the previously adopted tax position. An "unexpected tax liability" excludes a tax liability that originates in New Zealand from a matter relating to the New Zealand tax jurisdiction, but not a tax liability that originates in an offshore tax jurisdiction (i.e. outside New Zealand) which gives rise to a New Zealand tax liability.

For the avoidance of doubt, only the portion of "unexpected tax liability" above the 10% threshold will be included in "Direct Costs" for the purposes of calculating the Fruit Return defined in **clause A2.2**.
- (o) Any amount included in tax payable which exceeds NZD\$500,000 and is a result of a tax dispute must be reported to the IAC. Compliance costs, penalties, interest and countervailing duties incurred in relation to the duties, charges and taxes incurred under **clause A2.6(n)** and contractor costs incurred in minimising the risk and exposure for contractors of such duties, charges, taxes and penalties;
- (p) Compliance costs of applicable laws and regulations relating to duties and other indirect taxes which are otherwise unrecoverable and relate to the importation and sale of New Zealand grown Kiwifruit;

- (q) Without limiting the application of **clause A2.15**, any realised gains or losses on derivative contracts other than foreign exchange derivative contracts, relating to any cost that is a Direct Cost. For the avoidance of doubt a derivative contract within this clause is a contract whereby Direct Costs are linked to a financial index such as an oil index, inflation index, interest rate index or other similar index which will require valuation under accounting standards.
- (r) Commodity Levy applied against FOBS volume (excluding exports to Australia and New Zealand sales) and paid to NZKGI pursuant to the Commodity Levies (Kiwifruit) Order 2017;
- (s) Kiwifruit Vine Health (KVH) will agree a per tray rate at the KVH annual general meeting pursuant to the National Psa V Pest Management Plan to fund the management of Psa in New Zealand and KVH will agree a per tray rate at the KVH annual general meeting pursuant to the biosecurity levy to be made under the Biosecurity Act to fund KVH's wider biosecurity activities. The deduction of an equivalent amount of funding will be applied against the Class 1 FOBS volume of each variety. In addition in the event that there is a biosecurity incursion the KVH Board pursuant to the biosecurity levy under the Biosecurity Act 1993 will have ability to increase the levy and the deduction of an equivalent amount of funding will be applied against the Class 1 FOBS volume of each variety.

A2.7 Direct Costs exclude:

- (a) Commissions to Dole Japan Limited, except to the extent that debt factoring and credit management services costs charged by Dole Japan Limited are included in **clause A2.6(i)(v)**;
- (b) Research and development costs, including market research costs;
- (c) Offshore office costs including salaries, wages and other related staff costs, office and equipment and other related office costs, telecommunications, information technology and services;
- (d) Onshore office costs including salaries, wages and other related staff costs, office and equipment and other related office costs, telecommunications, information technology and services except those portion of costs in relation to the management of insurance (refer **clause A2.6(b) to A2.6(h)**) and GLOBALG.A.P/Food Act/BRC (refer **clause A2.6(j)(vi)**);
- (e) Taxation on profits generated for the benefit of ZGL other than those costs referred to in **clause A2.6(m) and A2.6(n)**; and
- (f) Without limiting the application of **clause A2.15**, any realised or unrealised gains or losses from derivative contracts other than foreign exchange derivative contracts, relating to costs defined in **clause A2.7(a) to A2.7(f)**.

A2.8 "Service Costs" means payments made by ZGL to Contractors as set out in **clause B1**.

A2.9 "Fruit Incentives" means payments made by ZGL to Contractors for:

- (a) Kiwifruit supplied in Period 1 as defined in **clauses C4 to C16 of Schedule 2** at the applicable rates as set out in **APPENDIX 4. APPENDIX 3** sets out indicative Period 1 rates based on the Zespri Standard Cost Model (calculated by taking into account the "Base Period 1 Rate Components" listed in **APPENDIX 7**) and the preceding year's December forecast Fruit Return and Maximum Taste Payments for Zespri Green Organic Kiwifruit, Zespri Gold Kiwifruit and Zespri Green Kiwifruit. The indicative Period 1 rates will be updated by ZGL with the final Period 1 rates, by updating the inputs listed under the heading "Basis for updating Period 1 rates" in

APPENDIX 7, after the current year's August forecast has been ZGL Board approved. ZGL will advise the final Period 1 rates and reissue **APPENDIX 3** to the Contractor after the current year's August forecast has been approved by the ZGL Board;

- (b) Taste Zespri calculated in accordance with **APPENDIX 6** for Kiwifruit meeting the criteria set by ZGL. For the purposes of determining the maximum Taste Zespri payment, the current year's August forecast Fruit Return will be used as calculated in accordance with **clause A2.2**. If Taste Zespri payments are made prior to the current year's August forecast Fruit Return being published, the preceding year's December forecast Fruit Return for Zespri Green Organic Kiwifruit, Zespri Gold Kiwifruit, Zespri Sweet Green Kiwifruit and Zespri Green Kiwifruit will be used in the calculation set out in **APPENDIX 6** for the purposes of determining the Maximum Taste Zespri payment. An adjustment will then be made to all payments to account for the difference between the payment calculated in accordance with the preceding year's December forecast or 2019 forecast Fruit Return and the payment calculated in accordance with the current year's August forecast Fruit Return. ZGL will make the adjustment prior to 30th November; and

(c)

by the Contractor as set out in **clauses B10** and **C12** of **Schedule 11**.

- A2.10** In calculating the Fruit Returns for the Season ZGL will apply and comply with Generally Accepted Accounting Practice as that term is defined in the Financial Markets Conduct Act 2013 and Financial Reporting Act 2013 except to the extent **clauses A2.15** and **A2.12** apply.
- A2.11** Where the revenues and or costs referred to in **clauses A2.2(a)** to **A2.2(c)** and **A2.2(e)** to **A2.2(f)** are incurred or received in relation to more than one Pool, ZGL will apply the allocation methodology as set out in more detail in the Pool Policy Manual.
- A2.12** Where the revenues and or costs referred to in **clauses A2.2(a)** to **A2.2(c)** and **A2.2(e)** and **A2.2(f)** are incurred or received, or will be or have been incurred or received in relation to more than one season, ZGL will take into account for the purpose of calculating the Fruit Return the revenues and costs which relate to the supply or intended supply of Kiwifruit in the Season, and will allocate revenues and costs which relate to the supply or intended supply of Kiwifruit in a future season to that season (Where GAAP Accounting Standards allows this).
- A2.13** Where costs and or revenues have been incurred and or received, in relation to a prior season, of a kind that would come within the meaning of **clauses A2.2(a)** to **A2.2(c)** and **A2.2(e)** and **A2.2(f)** if they had been incurred in the Season and those costs or those revenues or reductions have not been recognised wholly in any prior season, ZGL may recognise those costs or revenues or reductions, in whole or in part, in the Season.

As far as reasonably practicable, ZGL will allocate such costs and revenues it has recognised as between ZGL and the Pools in the same way as they would be allocated if they had been incurred in the Season.

Despite the provisions of this **clause A2.13**, if any individual item of cost exceeds two million dollars (\$2,000,000) in value, and ZGL proposes to allocate some or all of the cost to the Pool, ZGL will consult with the IAC regarding the recognition and allocation of that item in the Season.

ZGL will report to the IAC on the aggregate amount of individual items of costs exceeding two hundred thousand dollars (\$200,000) and of individual items of revenues exceeding two hundred thousand dollars (\$200,000) respectively, which have been recognised in a season, under this **clause A2.13**, when the amount, in aggregate, or, by individual item as the case may be, is brought to account. The aggregate amount or amounts will be reported under the components of promotion costs, direct costs, and net sales as applicable as referred to in **clause A2.2**.

A2.14 ZGL operates a foreign exchange management policy. Foreign exchange losses and gains will be included in the calculation of each or any of the component items of cost and revenue that form part of the determination of Fruit Returns under this Manual. Subject to **clauses A2.15** to **A2.17**, for the purposes of calculation of Fruit Returns, the translation of costs and revenues denominated in foreign currencies into New Zealand dollars will be in accordance with GAAP.

A2.15 Gains or losses from foreign exchange derivative contracts which are realised in the Season (except under **clause A2.17(c)**), will be applied uniformly against all costs and revenues transacted in the relevant currency in the Season, whether attributed to ZGL or the Fruit Return.

A2.16 Gains or losses on any derivative contracts, including those relating to interest rates, foreign exchange, Direct Costs, and Promotion Costs, which are not realised in the Season will not be taken into account for the purpose of calculating the Fruit Return for the Season.

Gains or losses from any such derivative contracts which are not realised in the Season will be taken into account for the purpose of calculating the Fruit Return for the Season in which those gains or losses are realised. This **clause A2.18** shall survive termination on expiry of this Agreement.

A2.17 ZGL may exercise a derivative contract only during the Season in which it expires except in the event of:

- (a) Any change in legislation which means that ZGL cannot be sure that the Contractor will provide fruit in the following seasons;
- (b) ZGL reaching a position where it is holding more derivative contracts than are reasonable for foreseeable trading; or
- (c) ZGL exercising derivative contracts for the purpose of realising gains or mitigating losses under a ZGL Board approved strategy;

then ZGL, acting reasonably, may close out immediately any derivative contracts due to expire in the Season, or in any subsequent Season. In the case of **clause A2.17(a)** and **A2.17(b)** above, any gains or losses realised as a result of closing out such contracts will be brought to account for the purpose of calculating the Fruit Return in the Season. In the case of **clause A2.17(c)** above, the gains or losses realised must be brought to account in the season in which the derivative contract would have expired.

A3 ZGL MARGIN

A3.1 ZGL's Margin for each Pool will be in New Zealand Dollars and consists of:

- (a) 5% of Net Sales, as defined in **clause A2.4**, for the Pool, but excluding the net revenue of non-ZGL sponsored Collaborative Marketing Arrangements, as defined in **clause A2.4(b)** and excluding items in **clause A2.4(c)**, plus
- (b) the Fruit Return Margin Percentage of Net Sales less the items in **clauses A2.2(b)**, **A2.2(c)**, **A3.1(a)**, **B1.1 (a)** and **B1.1(b)**.

A3.2 ZGL will ensure that external audit certification of the calculation of ZGL's Margin in accordance with **clause A3.1** is conducted in compliance with the Zespri Segment Allocation Manual referred to in the EFA, and ZGL will advise the IAC of the outcome.

A3.3 "Fruit Return Margin Percentage" has the meaning given in the EFA.

APPENDIX 5 CONTROLLED ATMOSPHERE/BULK STORAGE WEIGHT LOSS COMPENSATION (clause A2.6(j)(viii))

Controlled Atmosphere/Bulk Storage Weight Loss Compensation (CA Compensation) is paid on Zespri Green, Zespri Green Organic and Zespri Gold Kiwifruit to prevent Growers from being disadvantaged by the fruit weight loss that occurs when storing Kiwifruit in Controlled Atmosphere (CA) or Bulk Storage (BS). In addition, fruit packed out of CA or BS may be packed at 1.6% lower UFI weight bands as defined in the ZIL Quality Manual.

In order to be able to pack under the lower weight bands for CA or BS:

- The Kiwifruit must have been in CA or BS for a minimum of 36 days.

In order to be eligible for CA Compensation, the following criteria must be met:

- The Kiwifruit must have been in BS for a minimum of 15 days before compensation will be calculated.
- For both CA/BS, Kiwifruit must have been delivered to ZGL at FOBS.

The general methodology to calculate CA Compensation in summary is:

- The mean and standard deviation of the size of the Kiwifruit from each Grower and maturity area is determined based on the quantities that have been in storage.
- The percentage weight loss is calculated based on a linear function of 0.4% at 60 days and 1.4% at 120 days.

For each size of Kiwifruit, the weight of Kiwifruit that would have been in the next larger size is calculated using the percentage weight loss above.

- The distribution is weighted more towards the larger sizes than the size distribution of the kiwifruit that was actually packed out of CA or BS.
- A probability curve is used to calculate the proportion of Kiwifruit pieces in the weight band that would have been in the next higher weight band using the mean and standard deviation of the maturity area.
- The difference in each size band between the distribution calculated above and the actual distribution of the packed out Kiwifruit is calculated and expressed as a number of "Change Trays" for each Kiwifruit size band.
- The Change Trays data will be expressed as negative values for some small sizes of Kiwifruit (where the volume of Kiwifruit in that size under the distribution calculated above is less than the volume of Kiwifruit in that size under the actual distribution) and as positive values for some large sizes of Kiwifruit.
- The negative values for the small size Kiwifruit and the positive values for the large size Kiwifruit will be used to calculate corresponding negative and positive dollar amounts. The negative amounts will be deducted from the positive amounts to determine the amount of CA Compensation for each Grower and maturity area.

Weight Band Adjustment

Dates are approximate & are for illustration only.

The compensation is comprised of the following components (identified by their payment codes below):

- LOAD (LOAD BASE, LOAD TIME, LOAD TZ) – Loadout Time rate will be paid using the rate applicable seven days from the last Sunday of the packout ISO Week.
- EGRB – Loyalty premium is paid in the June payment.
- PROG – Progress payment.

- SUBM – Advance payment.
- TAST – Taste Payment is made according to the TZG of the Kiwifruit by maturity area.
- REDN – There is a deduction for the base pack cost included in the Kiwifruit value, as this cost has not been incurred.

The indicative payment for CA Compensation will occur no later than February subject to confirmation of inventory data. The final payment will be made in May 2020 when the final Fruit Value for that Season has been published. Subject to confirmation of inventory data prior to February, ZGL will use best endeavours to make an earlier indicative payment.

APPENDIX 6 TASTE ZESPRI (clause A2.9(b))

Taste Zespri payments (**clause A2.9(b)**) will be calculated in accordance with the following formula:

$$\begin{aligned} \text{Taste Zespri payment/TE (for a particular maturity area)} &= \text{Zespri's August forecast Fruit Return (with no deduction for Taste Zespri payments)/TE} \\ &\times \text{Maximum Taste Payment \%} \\ &\times \text{TZG Value} \end{aligned}$$

$$\begin{aligned} \text{Where Maximum Taste Payment \% (MTP)} &= 60\% \text{ for Zespri Green} \\ &60\% \text{ for Zespri Green Organic} \\ &60\% \text{ for Zespri Sweet Green} \\ &70\% \text{ for Zespri SunGold and Zespri SunGold Organic} \end{aligned}$$

$$\begin{aligned} \text{Lower Taste Limit} &= 15.5\% \text{ dry matter for Zespri Green and Zespri Green Organic} \\ &17.0\% \text{ dry matter for Zespri Sweet Green} \\ &16.5\% \text{ dry matter for Zespri SunGold and Zespri SunGold Organic} \end{aligned}$$

TZG Dry Matter % value is calculated by Zespri in accordance with the sampling and statistical methodology described in the Growers Payment Manual.

(1) Where there is more than one sample taken from a Maturity area the highest TZG value will be used to determine the amount of Taste Zespri payments.

Calculation Examples:

Calculation of Maximum Tastes Payment (MTP)

How Zespri calculates the Maximum Taste Payment (MTP)	HAYWARD	ORGANIC HAYWARD	GREEN14	GOLD3 & ORGANIC GOLD3
	\$ per TE	\$ per TE	\$ per TE	\$ per TE
Total Fruit Payment	\$5.09	\$7.41	\$5.58	\$6.52
+	+	+	+	+
Average Taste Payment	\$2.48	\$2.44	\$2.07	\$5.52
=	=	=	=	=
Total Fruit Payment including Taste Payment	\$7.57	\$9.85	\$7.65	\$12.04
x	x	x	x	x
Maximum Taste Payment Percentage	60%	60%	60%	70%
= Maximum Taste Payment (MTP)	\$4.54	\$5.91	\$4.59	\$8.43

Once the Maximum Taste payment has been calculated the below tables outline how to calculate the taste payment for an individual Grower

INSERT YOUR FIGURES HERE				
How to calculate your Taste Payment	HAYWARD	ORGANIC HAYWARD	GREEN14	GOLD3 & ORGANIC GOLD3
Your TZG (from your 90-fruit orchard sample)				See by size table
x	x	x	x	
Maximum Taste Payment (MTP)	\$4.54	\$5.91	\$4.59	
= Your Taste Payment				

For example if a Green conventional grower with a TZG of 0.60, Taste Zespri Payment would be $0.60 \times \$3.74 = \2.24 per tray.

GOLD3 AND ORGANIC GOLD3									
Key: TP = Taste Payment									
Size	16	18	22	25	27	30	33	36	39
Your TZG*	1.00	0.95	0.90	0.80	0.72	0.68	0.65	0.60	0.55
Multiplied	x	x	x	x	x	x	x	x	x
Maximum TP	\$8.43	\$8.43	\$8.43	\$8.43	\$8.43	\$8.43	\$8.43	\$8.43	\$8.43
= Your TP by Size	\$ -	\$8.01	\$7.59	\$6.74	\$6.07	\$5.73	\$5.48	\$5.06	\$4.64
Your FOBS trays by size	-	600	1,500	2,050	3,550	3,700	1,550	1,050	1,000
Your TP by size	\$ -	\$4,805	\$11,381	\$13,825	\$21,547	\$21,210	\$8,493	\$5,311	\$4,637

To calculate your average Taste payment per tray:

1. Multiply your Taste payment for each size by the tray volumes for each size;
2. Add these figures together to get the total Taste payment;
3. Divide the total Taste payment by the total tray volumes (i.e. for all sizes).

Note: The example above is based on 150 fruit sample. Taste payments are calculated on FOBS tray volumes – not submit tray volumes.
